After highlighting the different contexts and purposes, strategies and tactics, programmes and processes of

management research, the authors provide detailed coverage of the relevant research approaches and methods. They discuss the interrelationship of theoretical and empirical research, and how these apply to practice.

Doing Research in Business and Management | SAGE ...

About this book It is now fourteen years since we collaborated in the writing of our first research methods book. In 2009 the fifth edition was published (Saunders et al., 2009). The success of that book suggests that research methods is a popular subject with business and management students. This may be so. But we think that it has more to do with the fact research methods is a complex

area ...
