The Light at the End

Crossroad Press

An adrenaline-charged tale of unrelenting suspense that sparks with raw and savage energy... The newspapers scream out headlines that spark terror across the city. Ten murders on the New York City subway. Ten grisly crimes that defy all reason -- no pattern, no m.o., no leads for police to pursue. The press dubs the fiend the "Subway Psycho"; the NYPD desperately seeks their quarry before the city erupts in mass hysteria. But they won't find what they're looking for. Because they all think that the killer is human. Only a few know the true story -- a story the papers will never print. It is a tale of abject terror and death written in grit and steel... and blood. The tale of a man who vanished into the bowels of the urban earth one night, taken by a creature of unholy evil, then left as a babe abandoned on the doorstep of Hell. Now he is back, driven by twin demons of rage and retribution. He is unstoppable. And we are all his prey... unless a ragtag band of misfit souls will dare to descend into a world of manmade darkness, where the real and unreal alike dwell in endless shadow. A place where humanity has been left behind, and the horrifying truth will dawn as a madman's chilling vendetta comes to light... Filled with gripping drama and harrowing doomsday dread, *The Light at the End* is the book that ushered in a bold new view of humankind's most ancient and ruthless evil; a mesmerizing novel from two acknowledged masters of spellbinding suspense.

Light at the End of the Tunnel

A Memoir

The Light at the End of the World

The world is coming to an end. At least, that's what Jessica is told. All she knows is that she's pregnant, and the father is a fallen angel. She finds herself mixed up with an unlikely group of potential Messiahs and Anti-Christ, and the only thing anybody knows is this: the devil is walking on the earth, and they are the only ones who can stop him.

The Tunnel at the End of the Light: Essays on Movies and Politics *Tin House Books*

"Shepard may be the best lesser-known film critic." —The New York Times Book Review The first book of nonfiction from one of our great fiction writers. Given that most Americans proudly consider themselves non-political, where do our notions of collective responsibility come from? Which self-deceptions, when considering ourselves as actors on the world stage, do we cling to most tenaciously? Why do we so stubbornly believe, for example, that our country always means well when intervening abroad? *The Tunnel at the End of the Light* argues that some of our most persistent and destructive assumptions, in that regard, might come from the movies. In these ten essays Jim Shepard weaves close readings of film with cultural criticism to explore the ways in which movies work so ubiquitously to reflect how Americans think and act. Whether assessing the "high-spirited glee of American ruthlessness" captured in *GoodFellas*, or finding in *Lawrence of Arabia* a "portrait of the lunatic serenity of our leaders' conviction in the face of all evidence and their own lack of knowledge," he explores how we enter into conversations with specific genres and films—*Chinatown*, *The Third Man*, and *Badlands* among others—in order to construct and refine our most cherished illusions about ourselves.

Life Will See You Now

Quit Waiting for the Light at the End of the Tunnel and Light That F*cker Up for Yourself *John Wiley & Sons*

Best selling author, award winning comedian and international keynote speaker Gavin Oattes challenges you to live life better than you have to, to never be afraid of your own style and to blow your own god damn mind for a change. Cast your mind back to that album that changed your life? The riffs, the hooks and the lyrics that blew your mind? That movie that moved your whole world and assured you that life was going to be special? Transporting you to a place you'd never been before, the opening chapter of that book that changed your life forever? The hairs on the back of your neck stood, adrenaline rushed through your entire body with the weight of the world gone from your young shoulders. Energised, inspired, alive, all in and ready to turn up to this wonderfully f*cked up thing we call life. Close your eyes and remember that feeling right there in that moment? *Life Will See You Now* is a rousing, uplifting anthem that will inspire you to put down your phone, rediscover what truly matters and completely rethink what 'making it' in life actually means. A personal development title with a difference – there's no step-by-step guide and no map to change your life – instead, it provides you with hilarious, real life inspiration, motivation and energy to figure it out for yourself and rediscover that wee piece of magic you had when you were just five years old. Oattes makes the argument – backed by both positive psychology and an abundance of childlike wonder – that in an anxious world ruled by pressure, ego and other people's expectations, we are all

incredibly lucky to be alive at a time where kindness, gratitude, play and ice-lollies really do matter. Remember, you don't have to do what everyone else is doing. . .

The Light At The End Of The Covid-19 Tunnel

Poems To Heal The Heart And Soul: Poems Inspired and Written During the Covid-19 Pandemic From March 20, 2020 Through May 8, 2021

Covid-19 was a tsunami of sudden and major disruption on a global scale. Most people around the world experienced immediate and chaotic change. People stopped moving. The earth had a chance to breathe. Early on, people indicated that "there would be life before Covid-19 and life after Covid-19." Life would NEVER be the same. The swelling and welling up caused extreme and explosive forced action for most of humanity and a reaction from earth. There was no warning really. There's been nothing quite as earth-shocking and shattering for the entire world since World War II. Most humans from World War II are no longer here to share the memories of the abrupt and permanent alteration to lives everywhere. Covid-19 served as a reminder as to how precious all of life is. When this global pandemic wave rushed over earth, the impact was of unique proportions and magnitudes. Due to advanced technology and social media, the effects of Covid-19 and the havoc it wreaked on people's emotions, actions, and lives was readily available for the entire world to witness and respond to, or not. Due to the severe measures implemented in my state, the US, and worldwide, the immediate reaction was extreme fear. Close emotional allies of fear, regardless of spiritual and/or political affiliations, were the emotions of criticism, anger, judgment, division, frustration, suspicions, blame, and hopelessness. Basic freedoms that most people around the globe were typically afforded in normal times became forbidden, taboo, shunned. In most places, hand-shaking, hugging, kissing, and close contact were not allowed. In most places, for extended periods of time, restrictions halted physical contact with those outside of one's immediate family. If you were single or an elderly person in an assisted-care facility, there was a great chance of becoming very lonely. The coronavirus basically locked many people up in what would be a prison cell. While in this "prison cell," individuals were forced to reflect on themselves and on the relationships closest to them, mostly their immediate family, whether they were ready to do this or not. Close evaluation of workplace and extended social relationships took place as well. In the state of Ohio where I reside, towards the end of March 2020, the fear of the impending "coronavirus shutdown" was palpable with the extreme measures and restrictions that would affect personal and workplace lives. As an alternative healer and a very sensitive person, I felt the closing in, the locking of the prison cell door, the extreme fear most people felt. The close allies of fear surrounded me and attempted to draw me into the current of negativity. On March 20, 2020, God gave me a message strong and clear. He said, "Gwen, to make it through this pandemic, you must remain positive and hopeful for yourself, your family, community, humanity, and earth." On March 20, 2020, right before Ohio shut down life as usual, the poems started flowing. The first one was inspired by Proverbs 11:25 NIV, "A generous person will prosper; whoever refreshes others will be refreshed." The poems continued to flow through May 8, 2021, two Mother's Day poems to my mom. These poems are to help heal the wounds of Covid-19. They are a gift to humanity and earth. Certain proceeds from this book will aid

poor children in rural Appalachia where I grew up in Southeastern Ohio and hopefully well beyond.

Light at the End of the Tunnel

Light at the End of the Tunnel

As we journey through life, we all encounter numerous tunnels, countless times. Successful navigation through a tunnel, however, requires one to be fully armed with the necessary tools like hope, faith, prayer, self-control, positive mindset and attitude, definite plans, strong belief in God as well as in oneself, flexibility, forgiveness, confidence, prudence, persistence, strong determination, clear vision, hard work, realistic goals, responsibility, love, knowledge, unity, compassion, consistency, proper decision making, courtesy, creativity and innovativeness. Unfortunately, many people do not really comprehend these tools and even many of those who comprehend them do not know how to properly employ them when engulfed by any tunnel. Consequently, they hardly get out of their tunnels. In *Light at the end of the tunnel*, Job Lazarus Okello goes pragmatic in clearly bringing out, in details, all the tools one needs to employ in order to successfully traverse through the various tunnels they encounter throughout their life's journey. *Light at the end of the tunnel* is Job's debut novel and second book, written to clearly send out the message that no condition is permanent in life. Therefore, we should always not only hope but as well work for the best even when going through the worst. What should you do when in a tunnel? What should you never do when in a tunnel? How can you guard yourself against any tunnel? How can you guard other people against any tunnel? What should you do when you finally see light at the end of your tunnel? How do you walk into the light at the end of any tunnel? How do you keep yourself in the light? What should you do when you walk into the light? Do you want to know how to get out of all the tunnels you will ever find yourself in? Do you desire to know how you can keep out of a tunnel once you get out of it? Do you want to help other people to get out of their tunnels? Do you want to laugh while going through a tunnel? Do you seek to know how you can help other people to keep out of the tunnels they get out of? Do you want to see light at the end of every tunnel you will ever be in as you journey through life? Do you want to know how you can simplify your life no matter the tunnel you ever encounter? Do you want to know how you can guide other people to simplify their lives irrespective of the tunnels they go through? Do you want to be prepared in advance to cruise through any tunnel? This is your book, my friend. Get a copy immediately and maximize it. While other people weep while going through their tunnels, you will laugh while going through yours. You will also teach and hence help other people to navigate through their tunnels without losing their minds. The book is your pathway to the light at the end of your tunnel. Get it today and you will have many testimonies tomorrow. Since everyone goes through many tunnels, and everyone wants to get out of every tunnel, this is a book for everyone. Need I say more? I know you don't desire to stay in any tunnel but get out of it. Go ahead now and get your copy. You will thank me later, alright?

Dagger - The Light at the End of the World

A Dark Fantasy Adventure *Walt Popester*

Born as a god. Raised as a rogue. Dagger is a street kid, growing up in a city ruled by a brutal totalitarianism. He came into the world through a blasphemous ritual to resurrect his father... too bad the father in question is a bloodthirsty god whose soul was banished at the dawn of time. The boy is hidden in a guild of rogues, where an albino girl is the only person in the world who does not consider him a monster because of his red eyes. One night, the Gorgors--servants of the exiled god and incarnation of the deepest nightmares--set fire to the entire city to flush him out, and Dagger realizes that there is no refuge for him. Soon, he will realize that no one can fight against himself. Note from the author: I wrote a dark fantasy whose purpose was to break with tradition, the narrative addressing more existential issues rather than the old and overused formula of evil against good. In Dagger, the struggle between good and evil is not clear, nor easily identifiable. It is a tormented process, internal to the protagonist, with an outcome that is difficult to predict. I do not sell pre-cooked messages to the reader. I decided to create a story with multiple interpretations. The saga continues with Dagger 2 - Blood Brothers, book two of the Dagger Saga, which is now available on Amazon worldwide. The debut saga from Walt Popester, Dagger is a new addition to the great dark fantasy tradition of Brent Weeks, Michael Moorcock, and Glen Cook.

The Light at the End of the Tunnel *Publishamerica Incorporated*

The Light at the End of the Tunnel is a poetic journey that allows the reader into the dark and sorrowful world of the author. The poems in the beginning are sad, depressive, self-loathing, and often bitter and angry. Here the author shares her most personal moments of heartache, depression, self-loathing, and suicide attempts. It is not for the weak of heart. The book then moves into a gray area that is more exploratory of the authors soul. She ponders the color of the sky to the power in the color of a child's eyes and the hold they have over her. Finally, we begin to see a glimmer of hope. There is a light up ahead and she follows it. The reader follows along with the author through love poems and admiration of nature, music, and art to the final poem where, at last, she finds where she belongs.

Darkening of the Light

Witnessing the End of an Era *The Golden Sufi Center*

OVER THE LAST decade or more we have become increasingly aware of how our materialistic, energy-intensive civilization has been destroying the fragile balance of the web of life that has sustained humanity and all living beings for millennia. Yet, while spiritual teachings tell us that the events in the outer world are a reflection of changes taking place in the inner worlds, we appear to have little awareness of how this outer darkening is reflected within. This book, written between 2004 and the winter of 2012, tells the story of these inner changes that belong to our spiritual destiny and the fate of our planet. It is a witness to the darkening of the light of the sacred, reflected in our continued ecological destruction, and what this might mean to our shared destiny. With this darkening comes the danger that we may lose the opportunity for the global awakening that was possible at the beginning of the new millennium. This story of our collective destiny, however painful, needs to be heard if we are to take responsibility for the Earth and reclaim our sacred role as guardians of the planet.

A Ring of Endless Light

The Austin Family Chronicles *Farrar, Straus and Giroux (BYR)*

In book four of the award-winning Austin Family Chronicles young adult series from Madeleine L'Engle, author of *A Wrinkle in Time*, Vicky Austin experiences the difficulties and joys of growing up. "This wasn't the first time that I'd come close to death, but it was the first time I'd been involved in this part of it, this strange, terrible saying goodbye to someone you've loved." These are Vicky Austin's thoughts as she stands near Commander Rodney's grave while her grandfather, who himself is dying of cancer, recites the funeral service. Watching his condition deteriorate over that long summer is almost more than she can bear. Then, in the midst of her struggle, she finds herself the center of attention for three young men. Leo, Commander Rodney's son, turns to her as an old friend seeking comfort but longing for romance. Zachary, whose attempted suicide inadvertently caused Commander Rodney's death, sees her as the one sane and normal person who can give some meaning to his life. And Adam, a serious young student working at the nearby marine-biology station, discovers Vicky, his friend's little sister, incipient telepathic powers that can help him with his experiments in dolphin communications. Vicky finds solace and brief moments of peace in her poetry, but life goes on around her, and the strain intensifies as she confronts matters of love and of death, of dependence and of responsibility, universal concerns that we all must face. The inevitable crisis comes and Vicky must rely on openness, sensitivity, and the love of others to overcome her private grief. Once again, Madeleine L'Engle has written a story that revels in the drama of vividly portrayed characters and events of the spiritual and moral dimensions of common human experiences. *A Ring of Endless Light* is a 1981 Newbery Honor Book. The Mirror & the Light

A Novel *Henry Holt and Company*

The brilliant #1 New York Times bestseller Named a best book of 2020 by The New York Times, The Washington Post, TIME, The Guardian, and many more With *The Mirror & the Light*, Hilary Mantel brings to a triumphant close the trilogy she began with her peerless, Booker Prize-winning novels, *Wolf Hall* and *Bring Up the Bodies*. She traces the final years of Thomas Cromwell, the boy from nowhere who climbs to the heights of power, offering a defining portrait of predator and prey, of a ferocious contest between present and past, between royal will and a common man's vision: of a modern nation making itself through conflict, passion and courage. The story begins in May 1536: Anne Boleyn is dead, decapitated in the space of a heartbeat by a hired French executioner. As her remains are bundled into oblivion, Cromwell breakfasts with the victors. The blacksmith's son from Putney emerges from the spring's bloodbath to continue his climb to power and wealth, while his formidable master, Henry VIII, settles to short-lived happiness with his third queen, Jane Seymour. Cromwell, a man with only his wits to rely on, has no great family to back him, no private army. Despite rebellion at home, traitors plotting abroad and the threat of invasion testing Henry's regime to the breaking point, Cromwell's robust imagination sees a new country in the mirror of the future. All of England lies at his feet, ripe for innovation and religious reform. But as fortune's wheel turns, Cromwell's enemies are gathering in the shadows. The inevitable question remains: how long can anyone survive under Henry's cruel and capricious gaze? Eagerly awaited and eight years in the making, *The Mirror & the Light* completes Cromwell's journey from self-made man to one of the most feared, influential figures of his time. Portrayed by Mantel with pathos and terrific energy, Cromwell is as complex as he is unforgettable: a politician and a fixer, a husband and a father, a man who both defied and defined his age.

The Light of Other Days

A Novel of the Transformation of Humanity *Tor Books*

From Arthur C. Clarke, the brilliant mind that brought us *2001: A Space Odyssey*, and Stephen Baxter, one of the most cogent SF writers of his generation, comes a novel of a day, not so far in the future, when the barriers of time and distance have suddenly turned to glass. When a brilliant, driven industrialist harnesses cutting-edge physics to enable people everywhere, at trivial cost, to

see one another at all times—around every corner, through every wall—the result is the sudden and complete abolition of human privacy, forever. Then the same technology proves able to look backward in time as well. The Light of Other Days is a story that will change your view of what it is to be human.
