the sourcing, primary processing, distribution, logistical handling and trading of commodities.

### **Trade and commodities finance | ING WB**

International financial transactions are based on several financing philosophies, whose application is affected by the course of economic growth and development within an individual national economy. This is demonstrated by the evolution of the financing technique known as International structured trade & commodity finance ( STCF ). STCF is " cross-border trade finance in emerging markets where the intention is to get repaid by the liquidation of a flow of commodities."

### **Structured trade and commodity finance - Wikipedia**

Structured commodity finance (SCF) as covered by Trade Finance is split into three main commodity groups: metals & mining , energy, and soft commodities (agricultural crops). SCF is a financing technique utilised by a number of different companies, primarily producers, trading houses and lenders. Commodity producers stand to benefit from SCF by receiving financing to ensure cash flow is available for maximum output with the intention of repaying the loan once exports begin.
