GLORAD is a research center and think tank for global R&D management and reverse innovation, located at Tongji University, P.R. China and the Institute of Technology Management at the University of St. Gallen, Switzerland. GLORAD establishes a research network between those two institutions as well as other participating research organizations and scientists worldwide.

GLORAD - Wikipedia

Remote work format is a new normal in the IT world with teams distributed around the globe. Global Mobile Workforce has researched that by 2022, 40 per cent of the employed population will turn work on a remote basis. This is clear that tech companies must consider new management, leadership and communication approaches to adjust to this trend.
