Introduction to Computing and Algorithms. Russell Shackelford is currently the Director of Lower Division Studies in The College of Computing at Georgia Tech. He holds various degrees in Computer Science, Education, and Psychology.

Shackelford, Introduction to Computing and Algorithms ...

If the title of this book was "Introduction to Programming", then I would wholeheartedly agree with Mr. Black below. Indeed, Dr. Shackelford does not teach programming in his book. Rather, he presents algorithms in a general sense, and algorithmic thought over programming

practice is presented to the novice.

Introduction to Computing & Algorithms Edition: Second ...

The CS curriculum at

Tech is moving to Scheme as an introduction to computing and computer science. While I adamantly feel this is an excellent move on the part of the College of Computing, given their goal to output programmers from the school, I also feel some generalized theoretical foundations are lacking from the course that were present when it was taught with Dr. Shackelford's book.
