If your office has 50 people and they're all using one water cooler it'll struggle to keep up, it's like trying to get 50 people into a mini, it sounds like fun but its probably not going to work. So either you need to get another cooler or alternatively try one of our high capacity models. 4) The cooler is broken – It does happen. If none of the above applies and your water is still tepid ...

Water Cooler Troubleshooting Guide

Usually, the reason behind a water cooler not dispensing water is an airlock that is a result of the air pressure that is forced into the water cooler as the bottle is placed on it. We recommend that you remove the water bottle from the water cooler, and then place it back on the water cooler. While you do this, ask a colleague to hold both taps open until water comes through them. If doing ...
