INTERNATIONAL BEST

SELLER • A smart, sexy, laugh-out-loud romantic comedy about ex-boyfriends, imperfect parents, friends with kids, and a man who disappears the moment he says "I love you." "An absolute knock-out. Wickedly funny and, at turns, both cynical and sincere... feels like your very favorite friend." —Taylor Jenkins Reid, author of *Malibu Rising* Nina Dean is not especially bothered that she's single. She owns her own apartment, she's about to publish her second book, she has a great relationship with her ex-boyfriend, and enough friends to keep her social calendar full and her hangovers plentiful. And when she downloads a dating app, she does the seemingly impossible:

She meets a great guy on her first date. Max is handsome and built like a lumberjack; he has floppy blond hair and a stable job. But more surprising than anything else, Nina and Max have chemistry. Their conversations are witty and ironic, they both hate sports, they dance together like fools, they happily dig deep into the nuances of crappy music, and they create an entire universe of private jokes and chemical bliss. But when Max ghosts her, Nina is forced to deal with everything she's been trying so hard to ignore: her father's Alzheimer's is getting worse, and so is her mother's denial of it; her editor hates her new book idea; and her best friend from childhood is icing her

out. Funny, tender, and eminently, movingly relatable, *Ghosts* is a whip-smart tale of relationships and modern life.

Eight months after her transplant, everything is different. Stuck in summer school with the underachievers, all she wants to do now is grab her surfboard and hit the waves—which is strange, because she

There's also the vivid recurring nightmare about crashing a motorcycle in a tunnel and memories of people and places she doesn't recognize. Is there something wrong with her head now, too, or is there another explanation for what she's experiencing? As she searches for answers, and as her attraction to Kai intensifies, what she learns will lead her to question everything she thought she knew—about life, death, love, identity, and the true nature of reality.

Where the Crawdads Sing *Penguin*

SOON TO BE A MAJOR MOTION PICTURE—The #1 New York Times bestselling worldwide sensation with more than 12 million copies sold, “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature”(The New York Times Book Review), now in paperback for the first time. For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the

so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life--until the unthinkable happens. *Where the Crawdads Sing* is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent

secrets that nature keeps.

Bunny

A Novel *Penguin*

"Jon Swift + Witches of Eastwick + Kelly 'Get In Trouble' Link + Mean Girls + Creative Writing Degree Hell! No punches pulled, no hilarities dodged, no meme unmangled! O Bunny you are sooo genius!" —Margaret Atwood, via Twitter "A wild, audacious and ultimately unforgettable novel." —Michael Schaub, Los Angeles Times "Awad is a stone-cold genius." —Ann Bauer, The Washington Post The Vegetarian meets Heathers in this darkly funny, seductively strange novel from the acclaimed author of 13 Ways of Looking at a Fat Girl "We were just

these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we?"

Samantha Heather Mackey couldn't be more of an outsider in her small, highly selective MFA program at New England's Warren University. A scholarship student who prefers the company of her dark imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort--a clique of unbearably twee rich girls who call each other "Bunny," and seem to move and speak as one. But everything changes when Samantha receives an invitation to the Bunnies' fabled "Smut Salon," and finds herself

inexplicably drawn to their front door-- ditching her only friend, Ava, in the process. As Samantha plunges deeper and deeper into the Bunnies' sinister yet saccharine world, beginning to take part in the ritualistic off-campus "Workshop" where they conjure their monstrous creations, the edges of reality begin to blur. Soon, her friendships with Ava and the Bunnies will be brought into deadly collision. The spellbinding new novel from one of our most fearless chroniclers of the female experience, Bunny is a down-the-rabbit-hole tale of loneliness and belonging, friendship and desire, and the fantastic and terrible power of the

imagination. Named a Best Book of 2019 by TIME, Vogue, Electric Literature, and The New York Public Library

Lovers, Strangers, Parents, Friends, Endings, Beginnings *Penguin*

An investigation of love in all its forms, featuring conversations with Lisa Taddeo, Esther Perel, Emily Nagoski, Kate Bowler, Alain de Botton, Stephen Grosz, Roxane Gay and others. Journalist Natasha Lunn was almost 30 when she realized that there was no map for understanding love. While she was used to watching friends fall in and out of love, the older she got the more she had to acknowledge: her friends' relationship struggles could no longer be chalked up to youth, and the more she learned about her

parents, grandparents, work colleagues, and mentors the clearer it became that age had not brought any of them any closer to understanding this elusive, transformative, consuming emotion. One night during the months she found this realization settling over her, she sat up in bed and jotted three words in a notebook: conversations on love. In that moment, Lunn understood that she didn't want advice about love, she wasn't looking for the answers, or evergreen wisdom but she craved candid, wide-ranging, sometimes uncomfortable conversations about the parts of love that often don't make it into our everyday discussions of marriage, sibling relationships, friendships, or mother/daughter bonds. Conversations on Love started as an experiment aimed at interviewing experts about what love meant to them, in all of its messiness, and quickly blossomed into a newsletter that attracted thousands of subscribers and a prestigious range of interviewees. It turns out that Lunn wasn't the only person ready to talk more openly and expansively about love. Interweaving personal essays and revealing interviews with some of the most sought-after experts on love, journalist Natasha Lunn guides us through the paradoxical heart of three key questions about love--How do we find love? How do we

sustain it? And how do we survive when we lose it?--to deliver a book that is a solace, a beacon, a call to arms, a tool-kit. The real-life love stories in these pages will leave you hopeful and validated, while the insights from experts will transform the way you think about your relationships. Above all, *Conversations on Love* will remind you what love is: fragile, sturdy, mundane, beautiful, always worth fighting for.

The Dangers of Smoking in Bed

Stories *Hogarth*

SHORTLISTED FOR THE INTERNATIONAL BOOKER PRIZE • NEW YORK TIMES EDITORS' CHOICE • "The lauded Argentine author of *What We Lost* in the

Fire returns with enthralling stories conjured from literary sorcery" (O: The Oprah Magazine), in the tradition of Shirley Jackson and Jorge Luis Borges. FINALIST: Los Angeles Times Book Prize, Ray Bradbury Prize, Kirkus Prize • ONE OF THE BEST BOOKS OF THE YEAR: Oprah Daily, New York Public Library, Electric Lit, LitHub, Kirkus Reviews • "Mariana Enriquez's stories are smoky, carnal, and dazzling."—Lauren Groff, author of *Matrix* and *Fates and Furies* Mariana Enriquez has been critically lauded for her unconventional and sociopolitical stories of the macabre. Populated by unruly teenagers, crooked witches, homeless ghosts, and hungry women, they walk the

uneasy line between urban realism and horror. The stories in her new collection are as terrifying as they are socially conscious, and press into being the unspoken—fetish, illness, the female body, the darkness of human history—with bracing urgency. A woman is sexually obsessed with the human heart; a lost, rotting baby crawls out of a backyard and into a bedroom; a pair of teenage girls can't let go of their idol; an entire neighborhood is cursed to death when it fails to respond correctly to a moral dilemma. Written against the backdrop of contemporary Argentina, and with a resounding tenderness toward those in pain, in fear, and in limbo, *The Dangers of Smoking in*

Bed is Mariana Enriquez at her most sophisticated, and most chilling.

The Orchard

A Novel *Ballantine Books*

Four teenagers grow inseparable in the last

days of the Soviet Union—but not all of them will live to see the new world arrive in this powerful debut novel, loosely based on Anton Chekhov's *The Cherry Orchard*. "Aching and sexy, clear-eyed and heartbreaking . . . an exquisite, explosive debut."—Julia Phillips, author of *Disappearing Earth* Coming of age in the USSR in the 1980s, best friends Anya and Milka try to envision a free and joyful future for themselves. They spend their summers at Anya's dacha just outside of Moscow, lazing in the apple orchard, listening to Queen songs, and fantasizing about trips abroad and the lives of American teenagers. Meanwhile, Anya's parents talk about World War II, the

Blockade, and the hardships they have endured. By the time Anya and Milka are fifteen, the Soviet Empire is on the verge of collapse. They pair up with classmates Trifonov and Lopatin, and the four friends share secrets and desires, argue about history and politics, and discuss forbidden books. But the world is changing, and the fleeting time they have together is cut short by a sudden tragedy. Years later, Anya returns to Russia from America, where she has chosen a different kind of life, far from her family and childhood friends. When she meets Lopatin again, he is a smug businessman who wants to buy her parents' dacha and cut down the apple

orchard. Haunted by the ghosts of her youth, Anya comes to the stark realization that memory does not fade or disappear; rather, it moves us across time, connecting our past to our future, joys to sorrows. Inspired by Anton Chekhov's *The Cherry Orchard*, Kristina Gorcheva-Newberry's *The Orchard* powerfully captures the lives of four Soviet teenagers who are about to lose their country and one another, and who struggle to survive, to save their friendship, to recover all that has been lost.

When the long lost amulet of Black Beryl is discovered, it is up to Charlotte, as the future leader of the League, to make sure the

powerful talisman does not fall into the wrong hands. Therefore, it is most unfortunate when she crosses paths with Alex O’Riley, a pirate who is no Mr. Darcy. With all the world scrambling after the amulet, Alex and Charlotte join forces to steal it together. If only they could keep their pickpocketing hands to themselves! If Alex’s not careful, he might just steal something else—such as Charlotte’s heart.

The Quantum World

The Disturbing Theory at the Heart of Reality

Nicholas Brealey

Just how real is reality, anyway? Forget everything you thought you knew about reality. The world is a seriously bizarre place. Things can exist in two places at once and travel backwards and forwards in time. Waves and particles are one and the same, and objects change their behavior according to whether they are being

watched. This is not some alternative universe but the realm of the very small, where quantum mechanics rules. In this weird world of atoms and their constituents, our common sense understanding of reality breaks down - yet quantum mechanics has never failed an experimental test. What does it all mean? For all its weirdness, quantum mechanics has given us many practical technologies including lasers and the transistors that underlie computers and all digital technology. In the future, it promises computers more powerful than any built before, the ability to communicate with absolute privacy, and even quantum

teleportation. The Quantum World explores the past, present and future of quantum science, its applications and mind-bending implications. Discover how ideas from quantum mechanics are percolating out into the vast scale of the cosmos - perhaps, in the future, to reveal a new understanding of the big bang and the nature of space and time. Everything I Know About Women I Learned from My Tractor

The Panic Years

Dates, Doubts, and the Mother of All Decisions *Flatiron Books*

Renowned journalist Nell Frizzell explores what happens when a woman begins to ask herself: should I have a baby? We have descriptors for many periods of life—adolescence, menopause, mid-life crisis, quarter-life crisis—but there is a period of profound

change that many women face, often in their late twenties to early forties, that does not yet have a name. Nell Frizzell is calling this period of flux “the panic years,” and it is often characterized by a preoccupation with one major question: should I have a baby? And from there—do I want a baby? With whom should I have a baby? How will I know when I’m ready? Decisions made during this period suddenly take on more weight, as questions of love, career, friendship, fertility, and family clash together while peers begin the process of coupling and breeding. But this very important process is rarely written or talked about beyond the clichés of the “ticking clock.” Enter

Frizzell, our comforting guide, who uses personal stories from her own experiences in the panic years to illuminate the larger social and cultural trends, and gives voice to the uncertainty, confusion, and urgency that tends to characterize this time of life. Frizzell reminds us that we are not alone in this, and encourages us to share our experiences and those of the women around us—as she does with honesty and vulnerability in these pages. Raw and hilarious, *The Panic Years* is an arm around the shoulder for every woman trying to navigate life's big decisions against the backdrop of the mother of all questions.

Cultish

The Language of Fanaticism

HarperCollins

The author of the widely praised Wordslut analyzes the social science of cult influence: how cultish groups from Jonestown and Scientology to SoulCycle and social media gurus use language as the ultimate form of power. What makes “cults” so intriguing and frightening? What makes them powerful? The reason why so many of us binge Manson documentaries by the dozen and fall down rabbit holes researching suburban moms gone QAnon is because we’re looking for a satisfying explanation for what causes people to join—and more

importantly, stay in—extreme groups. We secretly want to know: could it happen to me? Amanda Montell's argument is that, on some level, it already has . . . Our culture tends to provide pretty flimsy answers to questions of cult influence, mostly having to do with vague talk of "brainwashing." But the true answer has nothing to do with freaky mind-control wizardry or Kool-Aid. In *Cultish*, Montell argues that the key to manufacturing intense ideology, community, and us/them attitudes all comes down to language. In both positive ways and shadowy ones, cultish language is something we hear—and are influenced by—every single day. Through

juicy storytelling and cutting original research, Montell exposes the verbal elements that make a wide spectrum of communities "cultish," revealing how they affect followers of groups as notorious as Heaven's Gate, but also how they pervade our modern start-ups, Peloton leaderboards, and Instagram feeds. Incisive and darkly funny, this enrapturing take on the curious social science of power and belief will make you hear the fanatical language of "cultish" everywhere.
