The Brad Steiger book "Worlds Before Our Own" is an astonishing compilation of information that SHOULD be part of our entire planet's educational processes. We humans, as a species, can no longer afford to bury our heads in endless mounds of "pseudo-academic mounds of sand" and learn what we all need to learn from the archaeological and anthropologic records that are available for all over the world.

Two hypotheses may explain the presence of these perplexing artifacts, these "erratics": 1) that they were manufactured by an advanced civilization on Earth which, due either to natural or technological catastrophe, was destroyed before our world's own genesis; 2) that they are vestiges of a highly technological

civilization of extraterrestrial origin, which visited this planet millions of years ago, leaving behind various artifacts.
