Hope: persevering toward goals and, when necessary, redirecting paths to goals in order to succeed. Resilience: when beset by problems and adversity, sustaining and bouncing back and even beyond to attain success. Psychologists associate these four qualities with higher performance, commitment, and satisfaction.

Self-Efficacy, Optimism, Resilience and Hope

But another way to look at resilience is that it is, simply, hope. Hope is powerful. As opposed to its dark

cousin, despair, which paralyzes us, hope energizes and mobilizes us. Beyond that, hope affects those around us, lifting them as well as us. The power of hope is evident in the examples given above.
