The OM24A which I
have, is (or was)
actually the carb used
in the smaller 10 hp
042 military engines.
Oddly, it has the same
intake diameter as the
OM25A, with perhaps a
smaller venturi for the
smaller engine. I
recently learned of
someone with an
MEP-018A with an

OM25A carb, and that is what led me to the Steelsoldiers site.
