Adorno Truth And International Relations

This conception of truth presents a means of drawing together the insights of Post-Positivists and Critical Realists. Adorno shows that anti-objectivism, not the concern with truth per se, is a source of abstraction. Thus, critical International Relations (IR) theorists have been right to address a critical epistemological problematic.

Adorno, Truth, and International Relations | SpringerLink

Drawing on the philosophy of Theodor Adorno, the book argues that IR's critical tradition can be rejuvenated by combining its original politicisation of truth with a critical account of its 'objectivity'. The book will be a valuable resource for scholars and graduate students interested in the future of critical International Relations theory.

Altmetric - The Concept of Truth in International ...

In Dialectic of Enlightenment in particular, much concern is directed at the perceived

disenchantment with nature and the impacts of this disenchantment both on human relations with the rest of nature, but also with inter-human relations. Adorno's focus on the attention to

suffering being the "condition for all truth" is not restricted simply to the human and coincides with the ethical concerns of posthuman approaches.
