Being outdoors
provides children with
a learning environment

that is calm and stimulates the senses. It is no secret that children love to be responsible; and when children have regular access to the outdoors, they develop a strong sense of ownership and respect for the natural environment.

Children Learn Through Nature | Grown Up Guides to ...

Climbing trees and getting muddy knees are memories from childhood we all treasure. But they are memories many children are missing out on. According to new research by the RSPB, only 1 in 5 children have a 'connection to nature'. Time spent playing outdoors has halved in just one generation.

7 Tips For Connecting Children With Nature

Ina May Gaskin, America's leading midwife, shares her exceptional birthing wisdom in this intuitive guide to childbirth. By sharing a wealth of knowledge generated by three decades of experience she explains why the natural birthing process, when left to its own devices, can proceed so beautifully on its own.

Ina May's Guide to Childbirth:

Amazon.co.uk:

Gaskin, Ina ...

Your child doesn't have to be involved in sports to risk injury at school.

Lugging backpacks full of books (which can weigh more than 25 pounds), "tech neck," which refers to posture that comes from constantly looking down at electronic devices, and the hunched-over position many students adopt can all cause issues, says master trainer Mark A. Nutting, CSCS.

Back to School Health Guide - Natures Plus YOU

With the kind support of the Calouste Gulbenkian Foundation and the University of Essex we've established a clear definition of connection to nature and a method for measuring it. For the first time, this research - reported in Connecting with Nature, available to download - reveals how

connected to nature
children are across the
UK. The national
results show that
currently only 21 per

cent of 8-12 year olds
have a connection to
nature level that we
consider a realistic and
achievable ...
