From Here to Eternity: Traveling the World to Find the Good Death W. W. Norton & Company

A New York Times and Los Angeles Times Bestseller “Doughty chronicles [death] practices with tenderheartedness, a technician’s fascination, and an unsentimental respect for grief.” —Jill Lepore, The New Yorker Fascinated by our pervasive fear of dead bodies, mortician Caitlin Doughty embarks on a global expedition to discover how other cultures care for the dead. From Zoroastrian sky burials to wish-granting Bolivian skulls, she investigates the world’s funerary customs and expands our sense of what it means to treat the dead with dignity. Her account questions the rituals of the American funeral industry—especially chemical embalming—and suggests that the most effective traditions are those that allow mourners to personally attend to the body of the deceased. Exquisitely illustrated by artist Landis Blair, From Here to Eternity is an adventure into the morbid unknown, a fascinating tour through the unique ways people everywhere confront mortality.

Smoke Gets in Your Eyes

"For more than a hundred years, the cigarette industry has hired some of the world's cleverest designers to make smoking appeal to as many different types of men and women in as many different cultures as possible." "The introduction traces the interwoven history of cigarettes and their packaging, from the earliest hand-rolled smokes preferred by soldiers, sailors, and bohemians to the latest trendy pack adopted by the young and terminally hip. History in the larger sense intersects in unexpected ways, with brands posi tioned to help win wars, glorify local dictators, and immortalize the masses. Thematic chapters ranging from Orientalism to Snob Appeal to Cigarette Indians survey the different categories of designs favored over the years as well as chronicling not only such famous campaigns as the Marlboro Man and Joe Camel but also such lesser-known oddities as Fems, Fez, and Wooden-Kimona Nails."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Cigarette Century Basic Books

From agriculture to big business, from medicine to politics, The Cigarette Century is the definitive account of how smoking came to be so deeply implicated in our culture, science, policy, and law. No product has been so heavily promoted or has become so deeply entrenched in American consciousness. The Cigarette Century shows in striking detail how one ephemeral (and largely useless) product came to play such a dominant role in so many aspects of our lives—and deaths.

Smoke Gets in Your Eyes

Rest in Pieces Simon and Schuster

"IN THE LONG RUN, WE'RE ALL DEAD. But for some of the most influential figures in history, death marked the start of a new adventure. The famous deceased have been stolen, burned, sold, pickled, frozen, stuffed, impersonated, and even filed away in a lawyer's office. Their fingers, teeth, toes, arms, legs, skulls, hearts, lungs, and nether regions have embarked on voyages that crisscross the globe and stretch the imagination. Counterfeiters tried to steal Lincoln's corpse. Einstein's brain went on a cross-country road trip. And after Lord Horatio Nelson perished at Trafalgar, his sailors submerged him in brandy--which they drank. From Mozart to Hitler, Rest in Pieces connects the lives of the famous dead to the hilarious and horrifying adventures of their corpses, and traces the evolution of cultural attitudes toward death"--Back cover.

Aging and Older Adulthood John Wiley & Sons

Reflects the most important theoretical foundations and research directions concerning aging and older adulthood This authoritative volume provides the latest insights into, and theoretical interpretation of, our understanding of the human aging process. Newly updated and revised, this edition of the well-established student textbook offers relatable scenarios that touch upon real-world issues faced by older adults and their families. The book explains how research studies attempt to answer questions of both theoretical and practical importance as they relate to aging and older adulthood, and it explains the hypotheses and findings of the studies in a manner that is comprehensible to readers of all levels of research experience. Aging and Older Adulthood begins by describing the demographic characteristics of the older population, and follows with a chapter on theoretical models that apply to the study of adult development and aging, as well as approaches commonly taken to conduct research and ethical concerns involved in the study of this group. It then offers a series of chapters exploring biological aging, sensation perception and attention, memory, intellectual functioning, cognition and real-world problem-solving, personality and coping, social interaction and social ties, lifestyles and retirement, mental health and psychotherapy, and death and bereavement. The final chapter looks at aging in the future. Each chapter includes fully updated research findings, as well as new and expanded coverage of concepts and ideas in areas such as neuroscience, and diabetes. New edition of a highly respected text exploring our contemporary understanding of a broad range of topics related to older adulthood and the psychology of aging Offers thematic treatment of core issues including health, sensory perception, memory, intellect, social interactions, employment and retirement, and mental health Uses a dual lens of two models – the selective optimization with compensation model and the ecological model – to provide cohesiveness to the presentation of both theoretical and applied material Introduces each chapter with a relevant real-world scenario and refers back to it throughout the chapter Includes pedagogical feature boxes that reflect current understanding of contemporary issues in the field as well as key points and issues for further discussion Aging and Older Adulthood, 4th Edition is an excellent text for upper division undergraduate and graduate courses focusing on the older adulthood and aging, the psychology of aging, gerontological studies, and lifespan development.

Death's Summer Coat: What the History of Death and Dying Teaches Us About Life and Living Simon and Schuster

In the tradition of Being Mortal, Brandy Schillace looks at what we can learn from the incredibly diverse ways in which humans have dealt with mortality in different times and places Death is something we all confront—it touches our families, our homes, our hearts. And yet we have grown used to denying its existence, treating it as an enemy to be beaten back with medical advances. We

are living at a unique point in human history. People are living longer than ever, yet the longer we live, the more taboo and alien our mortality becomes. Yet we, and our loved ones, still remain mortal. People today still struggle with this fact, as we have done throughout our entire history. What led us to this point? What drove us to sanitize death and make it foreign and unfamiliar? Schillace shows how talking about death, and the rituals associated with it, can help provide answers. It also brings us closer together—conversation and community are just as important for living as for dying. Some of the stories are strikingly unfamiliar; others are far more familiar than you might suppose. But all reveal much about the present—and about ourselves.

Glory Road *Thomas Nelson*

As three generations of women navigate the uncertain paths of their hearts and futures, one summer promises to bring change—whether they’re ready for it or not. At thirty-eight, garden shop owner Jessie McBride thinks her chances for romance are years behind her and, after her failed marriage, she’s fine with that. She lives contentedly with her fiery mother and her quiet, headstrong daughter. But the unexpected arrival of two men on Glory Road make her question if she’s really happy with the status quo. Handsome, wealthy Sumner Tate asks her to arrange flowers for his daughter’s wedding, and Jessie finds herself drawn to his continued attention. Ben Bradley, her lingering what-could-have-been from her high school days who’s known her better than anyone and whom she hasn’t seen in years, moves back to the red dirt road. Jessie finds her heart being pulled in directions she never expected. Meanwhile, Jessie’s fourteen-year-old daughter, Evan, is approaching the start of high school and trying to navigate a new world of identity and emotions—particularly as they relate to the cute new guy who’s moved in just down the road. At the same time, Jessie’s mother, Gus, increasingly finds herself forgetful and faces a potentially frightening future. For these three strong Southern women, the roots they’ve planted on Glory Road will give life to the adventures waiting just around the curve. Praise for Glory Road: “Rich colorful characters capturing my heart, combined with a story that kept me up till the wee hours, Glory Road is a perfect read. Lauren Denton has done it again!” —Lisa Patton, bestselling author of Rush and Whistlin’ Dixie in a Nor’easter Stand-alone Southern women’s fiction novel Book length: approximately 95,000 words Includes discussion questions for book clubs

The War of the Worlds *First Avenue Editions ™*

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

Technologies of the Human Corpse *MIT Press*

The relationship of the dead body with technology through history, from nineteenth-century embalming machines to the death-prevention technologies of today. Death and the dead body have never been more alive in the public imagination—not least because of current debates over modern medical technology that is deployed, it seems, expressly to keep human bodies from dying, blurring the boundary between alive and dead. In this book, John Troyer examines the relationship of the dead body with technology, both material and conceptual: the physical machines, political concepts, and sovereign institutions that humans use to classify, organize, repurpose, and transform the human corpse. Doing so, he asks readers to think about death, dying, and dead bodies in radically different ways. Troyer explains, for example, how technologies of the nineteenth century including embalming and photography, created our image of a dead body as quasi-atemporal, existing outside biological limits formerly enforced by decomposition. He describes the “Happy Death Movement” of the 1970s; the politics of HIV/AIDS corpse and the productive potential of the dead body; the provocations of the Body Worlds exhibits and their use of preserved dead bodies; the black market in human body parts; and the transformation of historic technologies of the human corpse into “death prevention technologies.” The consequences of total control over death and the dead body, Troyer argues, are not liberation but the abandonment of Homo sapiens as a concept and a species. In this unique work, Troyer forces us to consider the increasing overlap between politics, dying, and the dead body in both general and specifically personal terms.

Smoke Gets in Your Eyes *Gary Drury Digital Publishing*

Smoke Gets In Your Eyes by Susan C. Barto is a group of short stories about life, love, marriage and family. The author delves into a myriad of aspects of love and relationships between spouses, children, and lovers. Some of the stories seem to reflect pain and its subsequent growth as the protagonist comes out on the other side. One story tells about Emily Dickenson as the author imagines her and what her life and emotions may have been like. Other stories are more prosaic describing the love between husband and wife as they interact with each other and their off-spring.Susan C. Barto has been writing for over fifteen years. Her stories have the ring of truth and express a range of emotions swinging from joy flashes to times of suffering. However, the overriding message seems to show hope as it wins over despair. Hope, the author seems to say, helps people carry on while despair put us down in a valley. All shades of love are covered from flirtation to a 41 year marriage. Love sets us free and provides balm to fractured spirits. The author seems to believe that love never dies, and expresses this belief. Susan C. Barto has written several earlier books of short stories.
