A: To program this scanner manually,
 you will first want to make sure that
 everything is deleted out of it first, like
 the preprogrammed states such as

Alaska. To do this you will want to turn off the scanner. While it is turned off you will push in and hold in the 2, 9, and Hold keys. Continue holding these down while you power on unit.

Radio Scanners - Uniden Support

Read uniden-bcxlt-manual manual I understand there was a MT or some other publication had known problem component locations from one of Bob Parnass's docs that was posted to usenet years ago. Before it comes up that this radio is old, obsolete or useless, it's actually part of piece of test equipment and not meant for use as a scanner, so I have to troubleshoot the unit.
