Dark and Perfect Angels

Poetry. " Saenz' poetry has always been centered in the geography and cultures of the desert Southwest. DARK AND PERFECT ANGELS moves deeper into that territory, exploring the difficult braiding of Mexican, Indian and European traditions of his heritage, the struggles and complications of family life, the visceral nature of religious faith in Mexico 'where and saint worth praying to must be adorned with blood as well as gold,' a priest's anointing of a young man dying from gunshot, the shedding of the priest's robes and the secular quest for faith. Indeed, this is a book about faith-a cry for honesty, compassion and community as antidotes to the cold-hearted self-interest that drives so much of American culture"-Alison Hawthorne Deming.

The Darker Angels of Our Nature

Refuting the Pinker Theory of History & Violence *Bloomsbury Publishing*

In The Better Angels of Our Nature Harvard psychologist Steven Pinker argued that modern history has witnessed a dramatic decline in human violence of every kind, and that in the present we are experiencing the most peaceful time in human history. But what do top historians think about Pinker's reading of the past? Does his argument stand up to historical analysis? In The Darker Angels of our Nature, seventeen scholars of international stature evaluate Pinker's arguments and find them lacking. Studying the history of violence from Japan and Russia to Native America, Medieval England and the Imperial Middle East, these scholars debunk the myth of non-violent modernity. Asserting that the real story of human violence is richer, more interesting and incomparably more complex than Pinker's sweeping, simplified narrative, this book tests, and bests, 'fake history' with expert knowledge.
