Economics and Ethics: Amartya Sen

Amartya Sen makes a number of specific criticisms of utilitarianism which are his own. The most significant of these is the criticism of "utility" as a measure of well-being. He rightly points out that "functioning" is a more rational measure of well-being than opulence "command over a mass of commodities, or utility" the value of desired objects.

On Ethics and Economics (Amartya Sen)

It is clear enough that utilitarian ethics is simply a justification for free-market economics which has the superficial appearance of intuitive validity. So there is value in criticising utilitarianism, in exposing its fraudulent character, and in trying to produce an alternative measure of the goodness of a state of affairs.
