Quantum Physics Spirituality

Spirituality does no such thing. Quantum physics is our best explanation to date of the fundamental nature of the material world but not the spiritual world. I believe, like many, that our world has both a material and a spiritual aspect. So, any complete understanding of our world must take into account both quantum physics and spirituality.

Quantum Physics and Spirituality

Quantum physics, like the esoteric world of spirituality, is an invisible world. It proves that matter is actually energy and there are no absolutes and “at the atomic level—matter does not even exist with certainty, it only exists as a tendency to exist”.

The Dalai Lama believes that the connection between quantum physics and spirituality is obvious. According to the world-renowned spiritual guide and teacher, all of the atoms in your body include part of the ancient canvas that used to make up the universe. You’re stardust, connected biologically to all living creatures.

The Dalai Lama on Quantum Physics and Spirituality ...

Quantum physics, its crowning jewel, can be likened to a genuine spiritual path in that its study becomes a “royal road” beyond both physics and the physical dimension into the realm of meta-physics. Quantum physics’s return to metaphysics was inevitable, for physics began with the gnostic search for what Einstein calls the “Old One” behind all phenomena.
