Phytohormones in Plant Biotechnology and Agriculture ...

Phytohormones are one of the key systems integrating metabolic and developmental events in the whole plant and the response of plants to external factors. Thus, they influence the yield and quality of crops. During the last decade we have slowly begun to understand the molecular mechanisms underlying phytohormone action, largely as a result of the rapid developments that have been made internationally in the field of plant molecular genetics.

[PDF] Phytohormones In Plant Biotechnology And Agriculture ...

The phytohormones (primarily key player of plant growth and development) were found modulated under HT conditions and their exogenous application provide considerable tolerance. Moreover, the biosynthesis and signaling mutants of some of them were also inefficient in the HT management.

The Contribution of Phytohormones in Plant Thermotolerance ...

Phytohormones or plant hormones, are naturally occurring small organic molecules or substances which influence physiological processes in plants at very low concentrations (Davies, 2004). In other words, phytohormones are chemical messengers that coordinate cellular activities of plants (Fleet and Williams, 2011).

Plant Biotechnology pathway This will provide theory and practical skills in plant genetic manipulation, plant breeding and genome research. These are used in all aspects of agriculture and horticulture worldwide. Specialist modules will provide an

understanding of plant cell biology and the role of phytohormones in plant physiology.

Biotechnology MSc - University of Nottingham

Phytohormones, including auxin, abscisic acid (ABA), cytokinin (CK), ethylene (ET), and gibberellins (GAs), have been found in a broad spectrum of microalgal lineages. Although the functional role of microalgal endogenous phytohormones remains elusive, molecular evidence from the oleaginous microalga *Nannochloropsis oceanica* suggests that endogenous ABA and CK are functional and that their physiological effects are similar to those in higher plants.
