The Language Of School Design

Although it has good ideas it does not educate us about the cost factors or material they would suggest in the design. When you go through the book it feels like the authors are trying to educate us while holding back information. They talk about school design and they don't mention anything about capacity, area, project cost, space allocation etc.

The Language of School Design: Design Patterns for 21st ...

The Language of School Design: Design Patterns for 21st Century Schools, is a fantastic, well-designed book that takes a broad look at what makes a 21st Century School a modern learning space. They break these ideas down into 29 well-researched Design Patterns. Included with each of the patterns are examples from actual schools, photos, graphics and more.

Read This Book: The Language of School Design

The Language of School Design: Design Patterns for 21st Century Schools. In the late 1970s the architect and theorist Christopher Alexander published (with collaborators) a 1,900-page, three volume work with the titles, The Timeless Way of Building, A Pattern Language, and The Oregon Experiment.
