Renewing oil is what engines like. The best you can do, to be safe, is to check your oil after every ride. It just takes a minute. How to renew the oil? Make sure your engine is cooled off or at least

watch out for your hands in case the oil is still hot. Look for 2 drainplugs: - one either underneath your engine block or close to the shifter, - and one at the bottom of the oil reservoir.

How to Renew an ATV's Oil

Every automobile engine needs oil, but not just any oil will do. Modern engines are designed and built to exacting standards and require oils that meet very specific industry and automaker specifications to ensure a long service life. Failure to use the right type oil, and document its use, could void your new-car warranty.
