Great book about LEGO architecture and nice introduction for older kids to the architecture world. Her only complaint was that she wished if there was in the book more illustrations of not so big builds that she can emulate. The huge builds illustrations are useful but may need

parts out of reach of most people in quantities.

"For many budding architects the first step on the road to blueprints and T-squares is a trip to the toy store. The models are sure to motivate future architects—or future LEGO artists—to get building."

—Architectural Digest
"The LEGO Architect has sucked me in for hours, and I can't wait to build all of the plans." —GeekDad
