We describe extensions to the Excel spreadsheet that integrate user-defined functions into the spreadsheet grid, rather than treating them as a "bolt-on". Our case study is unusual in that it highlights the way that programming language insights can be applied to a product not normally considered as a programming language. Even more unusual, our design [...]

A User-Centred Approach to Functions in Excel - Microsoft ...

Microsoft will let users create custom functions in Excel using the number wrangler's own formula language.

"Excel formulas are the world's most widely used programming language, yet one of the more basic principles in programming has been missing, and that is the ability to use the formula language to define your own re-usable functions," said Microsoft.
