A Man Called Horse

John Horse and the Black Seminole Underground Railroad *Abrams*

A daring account of Black Seminole warrior, chief, and diplomat John Horse and the route he forged on the Underground Railroad to gain freedom for his people John Horse (c. 1812–1882, also known as Juan Caballo) was a famed chief, warrior, tactician, and diplomat who played a dominant role in Black Seminole affairs for half a century. His story is central to that of the Black Seminoles—descendants of Seminole Indians, free Blacks, and escaped slaves who formed an alliance in Spanish Florida. A political and military leader of mixed Seminole and African heritage, Horse defended his people from the US government, other tribes, and slave hunters. *A Man Called Horse* focuses on the little-known life of Horse while also putting into historical perspective the larger story of Native Americans and especially Black Seminoles, helping to connect the missing “dots” in this period. After fighting during the Second Seminole War (1835–1842), one of the longest and most costly Native American conflicts in US history, Horse negotiated terms with the federal government and later became a guide and interpreter. Forced to relocate, he led a group of Black Seminoles to find a new home, first heading westward to Texas and later to Mexico. Turner worked with descendants of Horse, who provided oral histories as well as many photographs and other artifacts. Her expertly researched and vetted biography depicts Horse as a complex, fascinating figure who served in many varied roles, including as a counselor of fellow Seminole leaders, an agent of the US government, and a captain in the Mexican army. But no matter the part he played, one thing remained constant: whether in battle or at the negotiating table, Horse fought tirelessly to help his people survive. The story of John Horse is a tale of daring, intrigue, and the lifelong quest for freedom. The book includes black-and-white archival photos throughout (though the book is designed in full color), as well as a map, timeline, author's note, endnotes, and select bibliography.

Pigeon English HMH

Man Booker Prize Finalist: A "winning and ingenious" novel about an eleven-year-old immigrant boy trying to solve a murder (*The Plain Dealer*). Lying in front of Harrison Opoku is a body. It is the body of one of his classmates, a boy known for his incredible basketball skills, who seems to have been murdered for his dinner. Armed with a pair of camouflage binoculars and techniques absorbed from

television shows like CSI, Harri and his best friend, Dean, plot to bring the perpetrator to justice. They gather evidence—fingerprints lifted with tape, a wallet stained with blood—and lay traps to flush out the killer. But nothing can prepare them for what happens when a criminal feels you closing in. Recently emigrated from Ghana with his sister and mother to South London's enormous housing projects, Harri is obsessed with gummy candy, friendly to the pigeon who visits his balcony, is quite possibly the fastest runner in his school, and is clearly also fast on the trail of a murderer. "[A] work of deep sympathy and imagination," Pigeon English is a tale of friendship and adventure, as Harri finds wonder, mystery, and danger in his new, ever-expanding world (*The Boston Globe*). "Pigeon English is a book to fall in love with: a funny book, a true book, a shattering book. . . . If you loved Mark Haddon's *The Curious Incident of the Dog in the Night-Time* or Emma Donoghue's *Man Booker-shortlisted Room*, you'll love this book too." —The Times (London) "Convincingly evokes life on the edge . . . The humour, the resilience, the sheer ebullience of its narrator—a hero for our times—should ensure the book becomes, deservedly, a classic." —The Mail on Sunday "Continually surprising and endearing . . . There's a sweetness here that's irresistible." —The Washington Post "Funny and poignant . . . What might be described as *Diary of a Wimpy Kid* meets *Trainspotting*." —Toronto Star "Since Nancy Drew and the Hardy Boys, there have been certain rules observed when children play detective. Stephen Kelman throws them all out . . . The mystery is secondary to the pleasures of listening to Harri." —The Christian Science Monitor
