What is Nursing? | American Nurses Association | ANA

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and

scope of practice.

Nursing - Wikipedia

If you're eligible for NHS-funded nursing care, the NHS will arrange and fund nursing care provided by registered nurses employed by the care home. Services provided by a registered nurse can include planning, supervising and monitoring nursing and healthcare tasks, as well as direct nursing care.

NHS-funded nursing care - NHS

Overview. Nurses work long hours, deal with difficult patients and their job gets messy. But why do so many men and women enter the profession? The Author Read More

Nursing Is Caring

Relevance to clinical practice: Caring is manifested in nursing actions through nurse-patient communication process. Patients have their inner expectation for nurses' caring behaviour and attitudes and nurses' performance of caring or uncaring behaviour has a direct influence on the feelings of patients.

Caring in nursing: investigating the meaning of caring ...

The 5 C's of Caring Sister Simone Roach's 5 C's of caring – commitment, conscience, competence,

compassion, and confidence - are highly applicable to the nursing profession. It's fairly straightforward to grasp the meaning of the 5 C's, but it takes time and effort to ensure they are consistently applied in the workplace.

The 5 C's of Caring in Nursing | USM Online

Caring is giving the best possible care to your patient. All the while remembering the WHOLE patient is in your care, not just the mastectomy, but the wife with altered body image, experiencing grief at the loss of a breast, and helping the husband to accept caring for the wife's new body and dressing changes.

A nurse's definition of CARING. - General Nursing - allnurses®

Caring in the nursing profession happens when a nurse have contact with a patient with hope and commitment as the important parts. According to Watson's theory the goal of nursing is helping a patient to achieve harmony within the mind, body, and soul. As contrast we can't expect everybody to care for us.

Concept of caring in nursing theory practice gap

The first principle states that "nurses and nursing staff treat everyone in their care with dignity and humanity – they understand their individual needs, show compassion and sensitivity, and provide care in a way that respects all people equally".
