Art Therapy Research In Practice

Her research interests include the development of art therapy's evidence base, particularly through practice-based and visual research methods, the interface between the theories and practices of visual art/visual culture and art therapy, and the development of art therapy as a practice and a profession around the world.

Art Therapy Research in Practice: Amazon.co.uk: Gilroy ...

Art therapy is a developing profession worldwide, and one

that is recognised in some countries, but by no means all. Furthering the establishment of art therapy will require the discipline to develop a robust research profile, one that shows it to be an effective intervention with a wide range of client populations within health, social, educational and criminal justice systems.

Art Therapy Research in Practice - Peter Lang

Drawing on her own experience as a researcher, practitioner and lecturer, Andrea Gilroy looks at the implications of EBP for art therapy and examines common concerns about the threat it may pose to the future provision of

art therapy within public services. Art Therapy, Research Evidence-Based Practice addresses issues which are critical to the future development and even the survival of art therapy. Combining insightful analysis with practical guidance and examples, this is an ideal ...
