Communication fuels the ties that bind, whether in relationships, business, or everyday interactions. Most of us, however, have never been taught the fundamental skills of communication—or how to best

represent our true selves. Effective communication is as important to our well-being and happiness as the food we put into our bodies. It can be either healthy (and nourishing) or toxic (and destructive). In this precise and practical guide, Zen master and Buddhist monk Thich Nhat Hanh reveals how to listen mindfully and express your fullest and most authentic self. With examples from his work with couples, families, and international conflicts, The Art of Communicating helps us move beyond the perils and frustrations of misrepresentation and misunderstanding to learn the listening and speaking skills that will forever change how we experience and impact the world.

**Eating Mindfully**

**How to End Mindless Eating and Enjoy a Balanced Relationship with Food** *New Harbinger Publications*

What would it be like to really savor your food? Instead of grabbing a quick snack on your way out the door or eating just to calm down at the end of a stressful day, isn't it about time you let yourself truly appreciate a satisfying, nourishing meal? In our modern society, weight concerns, obesity rates, and obsession with appearance have changed the way we look at food—and not necessarily for the better. If you have ever snacked when you weren't hungry, have used guilt as a guide for your eating habits, or have cut calories even when you felt hungry, you have experienced “mindless” eating firsthand. This mindless approach to food is dangerous, and can have serious health and emotional consequences. But if you’ve been mindlessly eating all your life, it can be difficult to make a change. When it comes down to it, you must take a whole new approach to eating—but where do you begin? Practicing mindful eating habits may be just the thing to make that important change. In fact, it might just be the answer you’ve been searching for all these years. The breakthrough approaches in Eating Mindfully, by Susan Albers, use mindfulness-based psychological practices to take charge of cravings so they can eat when they are hungry and stop when they feel full. Ten years after the release of the first edition, this book continues to help thousands of readers change the way they approach mealtime. So what’s changed? For starters, there is a new section that focuses on the “occasional mindless eater.” This second edition emphasizes that mindful eating isn’t only for those on a diet or for those who have severely problematic eating habits—it’s for everyone. In addition, this new edition features over 50 new tips for eating mindfully. Inside, you will learn how to be more aware of what you eat, get to know your fullness and hunger cues, and how to savor and appreciate every bite. You will also learn how mindlessness corrupts the way you eat, and how it can manifest in a number of different eating problems. No matter where you are in your journey toward mindful eating, this book will be an invaluable resource, and you will gain insight into how mindfulness can provide you with the skills needed to control the way you eat—leading to a healthier, happier life.

**Peace of Mind**

**Becoming Fully Present** *Parallax Press*

We can't heal with our minds alone. Thinking can be something productive and creative, but without integrating body and mind, much of our thinking is useless and unproductive. In Peace of Mind, Zen master Thich Nhat Hanh reminds us that integrating body and mind is the only way to be fully alive in each moment, without getting lost in our thoughts while walking, cooking, driving, and going about our everyday lives. Only by cultivating a mindful body and an embodied mind can we be fully alive. Bringing together ancient wisdom and contemporary thinking, Thich Nhat Hanh says it's like hardware and software—if you don't have both, you can't do anything. Peace of Mind provides a foundation for beginning mindfulness practices and understanding the principles of mind/body awareness. By learning how our physical body and mind are inseparable in creating our own perceptions and experiences we can begin to trust and nourish our ability to create well-being.

#### Nothing To It

##### Ten Ways to Be at Home with Yourself *Parallax Press*

In Nothing To It, Brother Phap Hai brings his characteristic warmth and humor to explore the many different gates to transformation offered by Buddhism. A gate is a teaching, practice, or way of looking at things. Each gate is an invitation to consider a new frame of reference through which we can consider our situation, an opportunity to look at things differently. Readers who enjoyed Bhante Gunaratana's Mindfulness in Plain English will delight in this new explanation from the Australian-born senior monk of Deer Park Monastery in Escondido, California. There are fifty-eight gates explored in Nothing To It, arranged in ten traditional groups, with one chapter exploring each gate. Based on a series of talks given by Phap Hai in 2013, the book is designed to be equally valuable when read through at leisure or used as the text for a ten week self-guided course. Each chapter includes questions for reflection, additional reading suggestions on the topic, and writing exercises. The gates can be explored in order or investigated at random. Phap Hai's charming blend of ancient wisdom, Dharma scholarship, and contemporary applications will offer all who read Nothing To It a new way of seeing the extraordinary opportunities for transformation in everyday life.

#### Brothers in the Beloved Community

##### The Friendship of Thich Nhat Hanh and Martin Luther King Jr. *Parallax Press*

The never-before-told story of the friendship between Martin Luther King Jr. and Thich Nhat Hanh—icons who changed each other and the world The day after Martin Luther King Jr. was assassinated in 1968, Thich Nhat Hanh wrote a heartbroken letter to their mutual friend Raphael Gould. He said: "I did not sleep last night. . . . They killed Martin Luther King. They killed us. I am afraid the root of violence is so deep in the heart and mind and manner of this society. They killed him. They killed my hope. I do not know what to say. . . . He made so great an impression in me. This morning I have the impression that I cannot bear the loss." Only a few years earlier, Thich Nhat Hanh wrote an open letter to Martin Luther King Jr. as part of his effort to raise awareness and bring peace in Vietnam. There was an unexpected outcome of Nhat Hanh's letter to King: The two men met in 1966 and 1967 and became not only allies in the peace movement, but friends. This friendship between two prophetic figures from different religions and cultures, from countries at war with one another, reached a great depth in a short period of time. Dr. King nominated Thich Nhat Hanh for the Nobel Peace Prize in 1967. He wrote: "Thich Nhat Hanh is a holy man, for he is humble and devout. He is a scholar of immense intellectual capacity. His ideas for peace, if applied, would build a monument to ecumenism, to world brotherhood, to humanity." The two men bonded over a vision of the Beloved Community: a vision described recently by Congressman John Lewis as "a nation and world society at peace with itself." It was a concept each knew of because of their membership within the Fellowship of Reconciliation, an international peace organization, and that

Martin Luther King Jr. had been popularizing through his work for some time. Thich Nhat Hanh, Andrus shows, took the lineage of the Beloved Community from King and carried it on after his death. In Brothers in the Beloved Community, Marc Andrus tells the little-known story of a friendship between two giants of our time.

##### Love Letter to the Earth *Parallax Press*

While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species, Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point. He believes that we need to move beyond the concept of the "environment," as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them. Thich Nhat Hanh points to the lack of meaning and connection in peoples' lives as being the cause of our addiction to consumerism. He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive. Rejecting the conventional economic approach, Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change. Love Letter to the Earth is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same.

With each chapter containing a progression of guided reflections an exercises, this book can be read as an adjunct to therapy and a helpful guide for moving through trauma in the body. With the practice of mindfulness, we can access our strength as survivors and our joy in being alive.

#### Meal by Meal

##### 365 Daily Meditations for Finding Balance Through Mindful Eating *New World Library*

Meal by Meal is a book of comfort, guidance, and insight for anyone with an unhealthy relationship with food. Its power is in its approach: each day is a self-contained journey of conscious eating to help people nurture new and sustainable attitudes and practices. Although bad habits cannot be changed overnight, the author — Buddhist devotee Donald Altman — shows how to find peace by focusing on food issues one meal at a time. He shares inspirational daily meditations, including quotes from Zen stories, Native American practices, Hindu scriptures, the Bible, and sages from all major wisdom traditions. He also explores food preparation, rituals, and social attitudes and

examines questions like "How can we learn that eating is not a pleasure race, but an area to find grace?" and "How can we stop using food to fill ourselves up, and instead use it to fulfill ourselves?" Through daily reflections, Altman enables people to make wise food choices and create balance in their lives.

**Talks from a 21-day Mindfulness Retreat** *Parallax Press*  
"This is a book of wise and wonderful teachings, a breath of fresh air for the heart. It opens the doors to an awakened life." —Jack Kornfield, author of *After the Ecstasy, the Laundry* "Thich Nhat Hanh is one of the greatest teachers of our time. He reaches from the heights of insight down to the deepest places of the absolutely ordinary." —Robert Thurman, Professor of Indo-Tibetan Buddhist Studies, Columbia University *The Path of Emancipation* transcribes Thich Nhat Hanh's first twenty-one day retreat in North America in 1998, when more than four hundred practitioners from around the world joined him to experience mindfulness. This book deliberately preserves the tone and style of a retreat, including soundings of the bell, meditation breaks, and the question-and-answer sessions. This not only provides a genuine feeling of a retreat for those who have not had the chance to participate in one, but it also preserves this wonderful practice time for those who have attended. In *The Path of Emancipation*, Thich Nhat Hanh translates the Buddhist tradition into everyday life and makes it relevant and transforming for us all. Studying in-depth the Discourse on the Full Awareness of Breathing, he teaches how mindfulness can help us reduce stress, and live simply, confidently, and happily while dwelling in the present moment. When Thich Nhat Hanh discovered this discourse, he said, "I felt I was the happiest person in the world."
