... The term "child development" refers to the physical, cognitive, and emotional changes in a child as they grow older, from an infant to an adult. It highlights progress in language skills, reading and writing skills, basic mathematical acumen, critical thinking, social skills, and logical reasoning. From the age of 0-3 years, the child is in the early learning phase as he/she learns to walk, talk, and behave based on what they observe from their parents.
