NSBRC | The National Self Build and Renovation Centre ...

Main contractor: If you get a general builder to build your home they will, by default, be project managing the process – a great option if they've come recommended or you've seen evidence of their good work. However, you will pay a premium for this route rather than employing trades yourself, and you'll have less direct control of the project.

Who Can Manage My Project? - Build It

For a larger home renovation, you'll want the oversight of a GC if one is still within the budget. A general contractor will be the one who finds the rest of the subcontractors (plumbers, electricians, A/C companies, painters, etc.), schedules them in order based on progress, and is also held responsible for keeping people on track for deadlines.

How to Plan a DIY Home Renovation + Budget Spreadsheet

What Are the Key Steps in Managing a Construction Project? First, create a comprehensive project plan. Define roles and responsibilities for each phase of the project, and assign specific tasks. Develop a clear project scope and baselines to assess your project plan for success.

Free Construction Project Management Templates in Excel

- Architect –Creates plans and specifications to be used in new buildings or renovation. Will review buildings for current codes, recommend material and specification (i.e. –windows, doors, electrical, etc.)
- Construction Manager –Construction managers plan and coordinate construction renovation projects.

Planning and Managing A ConstructionRenovation Project

In any building project there are unknown factors, particularly if the project is large or complex. In a new build, many of these can be resolved before construction begins, during the scope and design stage. In a renovation or alteration, your existing building's construction may not be understood until part way

through the building process.

Renovations differ to new builds | Building Performance

Finding the right project manager for your renovation. Home improvement. Project manager. A project manager will save you time, stress and money – but only if their skills match the job. Use our expert tips to recruit the right person for your project. Most unmanaged building projects in the UK – 90 per cent of them – overspend by an average of 20 per cent, according to a survey by project management company CLPM.

Finding the right project manager for your renovation ...

In simple terms, project management encompasses the skills needed to produce a defined outcome (a new house) within the constraints of the resources available (your budget) and within a certain timescale. The latter can be flexible, but for some reason usually manifests itself as “in the house before Christmas”.
