Deep Green Resistance Strategy To
 Deep Green Resistance (DGR) is a strategy to save the planet, based on an analysis of civilisation that sees it as inherently destructive. DGR-UK is part of a growing movement that sees the need for both a robust and visible culture of resistance and an active underground that together restrict the ability of

civilisation to further damage our world.

Deep Green Resistance UK - Deep Green Resistance UK

(March 2014) Deep Green Resistance (DGR) is a radical environmental movement that views mainstream environmental activism as being ineffective. The group believes that industrial civilization, as they define it, is endangering the environment, and that it must be destroyed using a broad range of tactics including militancy.

Deep Green Resistance - Wikipedia

Deep Green Resistance DGR is a radical environmental movement dedicated to stopping the murder of the planet. Our allegiance is to the land. We reject false technological “solutions” and recognize

that industrial civilization is incompatible with life on this planet.

Deep Green Resistance | Revolutionary Political Organization

Excerpted from Chapter 6 of the book Deep Green Resistance: Strategy to Save The Planet Now, when I talk about a resistance, I am talking about an organized political resistance. I'm not just talking about something that comes and something that goes. I'm not talking about a feeling.

Strategic Resistance | Deep Green Resistance

Deep Green Resistance. DGR is a political movement for liberation and revolution. We aim for nothing less than total liberation from extractive

economics, white supremacy, patriarchy, colonialism, industrialism, and the culture of empire that we call civilization. This is a war for survival, and we're losing. We aim to turn the tide. We mean to win.

Deep Green Resistance | Revolutionary Political Organization

Deep Green Resistance evaluates strategic options for resistance, from nonviolence to guerrilla warfare, and the conditions required for those options to be successful. It provides an exploration of organizational structures, recruitment, security, and target selection for both aboveground and underground action*.

Reprisals | Deep Green Resistance Book

Our strategy is laid out in the Deep Green Resistance book. Much of it will be familiar to you: educate, recruit, build a movement and alternative institutions, and exert political pressure through campaigns. This is how political change happens. Some elements of our strategy, however, are very different.

Decisive Ecological Warfare | Deep Green Resistance

The strategy of Deep Green Resistance (DGR) starts by acknowledging the dire circumstances that industrial civilization has created for life on this planet. The goal of DGR is to deprive the rich of their ability to steal from the poor and the powerful of their ability to destroy the planet.

Deep Green Resistance: Strategy to Save the Planet: Jensen ...

The good news is that we can learn from a few resistance groups with successful and well-articulated strategies. The study of strategy itself has been extensive for centuries. The fundamentals of strategy are foundational for military officers, as they must be for resistance cadres and leaders.

Principles of War & Strategy | Deep Green Resistance Book

From the book Deep Green Resistance: Strategy to Save the Planet New recruits need two kinds of training. On one hand, they need cultural training, that is, they need to develop a shared culture with the other members of their group so that

everyone can work together smoothly.

TRAINING | Deep Green Resistance

Deep Green Resistance UK (DGR UK) is the UK chapter of DGR International. We are an environmental and social justice organisation based on the book, Deep Green Resistance: Strategy to Save the Planet. The book identifies civilisation, patriarchy, and capitalism as brutal arrangements of power which need to be dismantled if there is to be any chance of future generations enjoying a habitable planet.

Strategy & Analysis Archives - Deep Green Resistance UK

We'll return to this in the Core Strategy chapter, but there are three main answers in terms of any theoretical deep

green resistance movement's "allies."

One is that the depletion of finite resources, along with the dead-ending of that pyramid scheme called industrial capitalism, will provoke a cascading industrial and economic collapse.

Effective Asymmetric Resistance | Deep Green Resistance Book

The strategy of Deep Green Resistance (DGR) starts by acknowledging the dire circumstances that industrial civilization has created for life on this planet. The goal of DGR is to deprive the rich of their ability to steal from the poor and the powerful of their ability to destroy the planet.
