DOWNLOAD AND INSTALL BY THE PEOPLE DEBATING AMERICAN PDF

Welcome to our community, where document ease of access is facilitated and practical. With our PDF downloads, you can access useful details with just a few clicks. Say goodbye to the inconvenience of literally acquiring papers or fighting with incompatible documents formats. By joining our

neighborhood, you get to a considerable collection of PDF documents **By The People Debating American all set for download.**

At our core, we focus on ease and availability for our customers. Whether you need research materials or expert papers, we have you covered. Our basic and reliable download procedure ensures that you can rapidly acquire the PDF file By The People Debating American you need. Our company believe that everyone needs to have accessibility to the information they

JOIN OUR AREA Join our area is below to make it occur.

With PDF documents, you can take pleasure in numerous conveniences, consisting of very easy analysis and navigation, and compatibility across different devices. We recognize that time is precious, and we wish to assist you make the most of it. By downloading By The People Debating American, you can enhance your work and research study, and eventually, attain your goals.

Join us today and start downloading and install By The People Debating American PDF. Allow us make your document availability trip a swift and very easy one.

Invite to our friendly area committed to boosting document access with PDF downloads. By becoming a part of our neighborhood, you'll have access to a substantial collection of PDF data By The People Debating American prepared for download.

Our community is devoted to making file ease of access simple and quick for everyone. It does not matter if you're a trainee, researcher, or a professional. Our PDF downloads are made to support your work and research study and keep you ahead of the contour.

Joining our area is simple. All you have to do is sign up and end up being a participant. You'll immediately access to our substantial collection, which is

PDF files.

Our area is a one-stop-shop for all your PDF needs including **By The People Debating American**. You can easily search and look for data utilizing the search bar and group filters. We offer a vast array of categories, including education and learning, research study, company, and more, making certain that you can discover the PDF By The People Debating American you require in no time.

Join our area today and benefit from the benefits that include belonging of a team committed to enhancing paper access with very easy and quick PDF downloads.

EASY AND SWIFT DOWNLOAD

DEBATING AMERICAN

At our neighborhood, we recognize that time is valuable. That's why we've structured the download procedure, making it both very easy and fast. With just a few clicks, you can have your desired PDF By The People Debating American downloaded and all set to use.

Our website is designed to focus on convenience and speed, so you can swiftly get access to the files By The People Debating American. You won't have to waste your time determining complex download procedures or manage prolonged waits. Our simple user interface ensures a smooth experience.

To make points also simpler, we have

actually organized our PDF documents in rational groups, making it very easy to discover what you're trying to find. Our area members constantly appreciate the performance we offer, and we understand you will too.

BENEFITS OF PDF DATA BY THE PEOPLE DEBATING AMERICAN

At **our neighborhood**, we understand the value of ease when it pertains to accessing and **sharing By The People Debating American documents**. That's why we very recommend the use of PDF documents.

PDFs offer numerous benefits that make them a go-to option for lots of people and organizations. To start with, PDFs offer a regular and trusted layout throughout various tools. Whether you're

utilizing a computer system, tablet, or smart device, you can be certain that the record will certainly look the exact same on each tool.

One more benefit of PDFs is the capability to compress large documents into a smaller dimension without compromising on high quality. This makes it simple to share By The People Debating American records through e-mail or other electronic ways, without fretting about going beyond data size limitations.

PDFs additionally use simple reading and navigation features. You can zoom in and out of the paper to adjust the text size based on your preference. In addition, PDFs enable you to search for certain keyword phrases within the record and bookmark important web

pages for future referral.

Finally, PDFs supply outstanding safety and security features for delicate papers. You can password-protect your PDF By The People Debating American and prevent unauthorized access or editing.

At **our neighborhood**, we identify the eases that PDF data bring to our every day lives. That's why we offer a large library of PDF apply for download, making it convenient for you to access vital papers consisting of By The People Debating American whenever you need them.

Join our neighborhood and experience the ease of downloading and install PDF documents today!

IMPROVE YOUR JOB AND STUDY

Are you searching for ways to boost your work or research study products? Our area has you covered. By downloading and install By The People Debating American PDF data from our library, you can improve your jobs and jobs with useful resources within your reaches.

Whether you are a student searching for instructional materials or a professional seeking study posts and reports, our PDF downloads supply a hassle-free way to access the record By The People Debating American you require. Plus, with our focus on record accessibility, you can be certain that our data are easy to read and browse for all individuals.

But that's not all - our PDF data also

offer a series of comforts that can boost your job and research study experience. With compatibility across various gadgets, you can access your files on-the-go or at home on your preferred tool. And with easy printing choices, you can promptly and easily transfer your PDF document By The People Debating American to paper if needed.

So why wait? Enhance your job and study with our PDF downloads today. Join our area and get to a substantial library of useful sources that can help you attain your goals.

By the People

Debating American Government, Brief Edition *Oxford University Press, USA*

By the People: Debating American Government, Brief Fourth Edition, reflects the dynamism of American government and politics with superior teaching and learning tools that prepare students to ENGAGE, THINK, and DEBATE now more than ever before. Using a storytelling approach that weaves commentary together with historical context, By the People:

Debating American Government explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like "Who governs?" "How does our system of government work?" "What does government do?" and "Who are we?" By challenging students with these questions, the text encourages them to think about, engage with, and debate the merits of U.S. government and politics. By the People includes an individual user code to access a wealth of interactive digital learning tools and student exercises.

By the People

Debating American Government

"In a storytelling approach that weaves contemporary examples together with historical context, By the People: Debating American Government, Brief Fifth Edition explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like "Who governs?" "How does our system of government work?" "What does government do?" and "Who are we?" By challenging students with these questions, the text gets them to engage with, think about, and debate the merits of U.S. government and politics. The brief version of this text has 14 chapters (vs. 18 in Big), but still includes policy coverage"--

**Debating American Government,
Brief Edition** *Oxford University Press,
USA*

The past two years have been anything but "politics as usual" in the United States. By The People, Brief Third Edition, reflects the dynamism of American government and politics with new teaching and learning tools that prepare students to ENGAGE, THINK, and DEBATE now more than ever before. In a storytelling approach that weaves contemporary examples together with historical context, By the People: Debating American Government, Brief Third Edition, explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like Who governs? How does our system of

government work? What does government do? and Who are we? By challenging students with these questions, the text gets them to think about, engage with, and debate the merits of U.S. government and politics.

By the People

Debating American Government
Oxford University Press, USA

In a storytelling approach that weaves contemporary examples together with historical context, By the People explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like: Who governs? How does our system of government work? What does

government do? and Who are we? By challenging students with these questions, the text gets them to think about, engage with, and debate the merits of U.S. government and politics. Ideal for professors who prefer a shorter text, *By the People*, Brief Second Edition, condenses the content of the comprehensive edition while also preserving its essential insights, organization, and approach.

By the People

Debating American Government

Oxford University Press, USA

"Approximately 20% shorter and less expensive than its parent text--fourteen chapters instead of eighteen--this full-color Brief Second Edition of *By the*

People features a more streamlined narrative and is enhanced by its own unique full supplements package"--Page 4 of cover.

Morone: By the People 5e Prem

Debating American Government

In a storytelling approach that weaves contemporary examples together with historical context, *By the People: Debating American Government*, Brief Fifth Edition explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like 'Who governs?' 'How does our system of government work?' 'What does government do?' and 'Who are we?' By challenging students with these

questions, the text gets them to engage with, think about, and debate the merits of U.S. government and politics.

**By the People 5th Edition Custom
College of South Nevada**

**Debating American Immigration,
1882--present** *Rowman & Littlefield*

In this text, two historians offer competing interpretations of the past, present, and future of American immigration policy and American attitudes towards immigration. Through essays and supporting primary documents, the authors provide recommendations for future policies and legal remedies.

Debating the American Conservative

Movement

1945 to the Present *Rowman & Littlefield*

Debating the American Conservative Movement chronicles one of the most dramatic stories of modern American political history. The authors describe how a small band of conservatives in the immediate aftermath of the Second World War launched a revolution that shifted American politics to the right, challenged the New Deal order, transformed the Republican party into a voice of conservatism, and set the terms of debate in American politics as the country entered the new millennium. Historians Donald T. Critchlow and Nancy MacLean frame two opposing perspectives of how the history of

conservatism in modern America can be understood, but readers are encouraged to reach their own conclusions through reading engaging primary documents.

California Politics

A Primer *CQ Press*

The thoroughly revised Fifth Edition of *California Politics: A Primer* concisely explains how California's history, political culture, rules, and institutions come together to shape politics today and how they will determine the state of affairs tomorrow. Author Renee B. Van Vechten begins with a brief political history of California, then walks through direct democracy, the legislature, executive branch, and court system. She covers local government and concludes

with a discussion of the state's budget process, campaigns and elections, political engagement, and policy issues. From the structure of the state's government to its local representatives, policies, and voter participation, *California Politics: A Primer* delivers the concepts and details students need. New to the Fifth Edition An emphasis on California's place in the federal system provides you with context around the state leadership's resistance to Trump administration policies on things like California's sanctuary state status, immigration, the environment, and more. Increased coverage of policy topics throughout the book helps you see how recent policy has impacted issues such as greenhouse gas emissions regulations, attempted "fixes"

for water- and drought-related issues, new transportation projects, and prison reform. Extended discussions of elections-related innovations introduce you to recent elections-related topics such as the Top-Two Primary, efforts to increase voter registration, all vote-by-mail elections, and redistricting. New coverage of the “Five Californias” gives you a better understanding of California’s political geography and how distinct segments of the population are primed for political engagement or disaffection. New lists of key terms with clear definitions at the end of each chapter enable you to review the content more effectively. New and updated maps and graphics depict important topics such as California’s newly proposed high-speed rail project.

Debating American Identity

Southwestern Statehood and Mexican Immigration *University of Arizona Press*

Debating American Identity is an innovative look at four national debates over the inclusion of the Mexican-origin population in the United States in the early twentieth century. Linda C. Noel explores different conceptions of American identity through disputes over Arizona and New Mexico statehood, temporary workers, immigration, and repatriation.

Debating Democracy

A Reader in American Politics *Houghton Mifflin College Division*

This supplementary text offers two readings per chapter organized in a debate-style format, representing opposing viewpoints. The straightforward, thought-provoking presentation facilitates class discussion. Debate topics include Public Opinion: The American People and War, Civil Liberties and War: Debating the USA Patriot Act, Debating the Deficit and the Size of Government, Economic Equality: A Threat to Democracy? and U.S. Foreign Policy After September 11: American Hegemony or International Cooperation?

Debating the Presidency

Conflicting Perspectives on the American Executive *CQ Press*

Editors Richard J. Ellis and Michael

Nelson have once again assembled a cadre of top presidential scholars to offer a series of pro/con essays that will inspire spirited debate in *Debating the Presidency: Debating the Presidency: Conflicting Perspectives on the American Executive*, Fourth Edition offers a compelling yet concise view of contemporary topics relevant to the American executive. Each pair of debate-resolution style essays is written specifically for this volume, and offers a compelling yet concise view of a topic relevant to the American executive. Editors Richard Ellis and Michael Nelson offer brief chapter introductions that provide context. In this edition, several new arguments are presented on topics such as executive orders (Pro: Gene Healy, Con: Andrew Rudalevige);

abolishment of the vice presidency (Pro: Douglas L. Kriner, Con: Joel K. Goldstein); and the effect of new media on the public's view of the presidency (Pro: Matthew R. Kerbel, Con: Jeffrey E. Cohen).

Debating Reform

Conflicting Perspectives on How to Fix the American Political System *CQ Press*

Getting students away from spouting opinions about highly-charged partisan issues, *Debating Reform*, Fourth Edition looks at key questions about reforming political institutions, with contributed pieces written by top scholars specifically for the volume. Each pro or con essay considers a concrete proposal

for reforming the political system. By focusing on institutions, rather than liberal or conservative public policies, students tend to leave behind ideology and grapple with claims and evidence to draw their own conclusions and build their own arguments. Students will explore how institutions work in their American government text, but this reader helps them to understand how they can be made to work better.

By the People 4th Edition Custom College of South Nevada

By the People 4th Edition *Oxford University Press, USA*

The Fire Is Upon Us

James Baldwin, William F. Buckley Jr., and the Debate Over Race in America *Princeton University Press*

"In February 1965, novelist and 'poet of the Black Freedom Struggle' James Baldwin and political commentator and father of the modern American conservative movement William F. Buckley met in Cambridge Union to face-off in a televised debate. The topic was 'The American Dream is at the expense of the American Negro.' Buccola uses this momentous encounter as a lens through which to deepen our understanding of two of the most important public intellectuals in twentieth century American thought. The book begins by providing intellectual biographies of each debater. As Buckley reflected on the civil rights movement,

he did so from the perspective of someone who thought the dominant norms and institutions in the United States were working quite well for most people and that they would eventually work well for African-Americans. From such a perspective, any ideology, personality, or movement that seems to threaten those dominant norms and institutions must be deemed a threat. Baldwin could not bring himself to adopt such a bird's eye point of view. Instead, he focused on the 'inner lives' of those involved on all sides of the struggle. Imagine what it must be like, he told the audience at Cambridge, to have the sense that your country has not 'pledged its allegiance to you?' Buccola weaves the intellectual biographies of these two larger-than-life personalities and their

fabled debate with the dramatic history of the civil rights movement that includes a supporting cast of such figures as Robert Kennedy, Martin Luther King Jr., Malcolm X, Lorraine Hansberry, and George Wallace. Buccola shows that the subject of their debate continues to have resonance in our own time as the social mobility of blacks remains limited and racial inequality persists"--

Debating American Exceptionalism

Empire and Democracy in the Wake of the Spanish-American War

Palgrave Macmillan

This in-depth analysis of the American imperialism debate after the Spanish-American War of 1898 elucidates how Americans understood their international

role and national identity during a crucial period of their foreign relations. Transcending the immediate historical context, this book also explores why such debates remain similar and why they end up affirming a belief in American exceptionalism. Obituaries for the idea have frequently been written in response to controversial foreign policies, but exceptionalism remains vibrant and at the heart of the arguments of those who support and those who oppose these policies – whether in the Philippines, Vietnam, or Iraq.

Ratification

The People Debate the Constitution, 1787-1788 *Simon and Schuster*

Drawing on the speeches and letters of the United States' founders, the author recounts the dramatic period after the Constitutional Convention and before the Constitution was finally ratified, describing the tumultuous events that took place in homes, taverns and convention halls throughout the colonies. By the author of *American Scripture*.

America's Great Debate

Henry Clay, Stephen A. Douglas, and the Compromise That Preserved the Union *Simon and Schuster*

Chronicles the 1850s appeals of Western territories to join the Union as slave or free states, profiling period balances in the Senate, Henry Clay's attempts at

compromise, and the border crisis between New Mexico and Texas.

Debating the Good Society

A Quest to Bridge America's Moral Divide *MIT Press*

Debating the Good Society probes two questions lying at the heart of the ongoing culture war in contemporary America: Where does goodness come from, and how is good social order to be achieved? Through the ingenious means of a fictional Internet conversation among two dozen or so Americans from various walks of life and every shade of the ideological spectrum, Debating the Good Society probes two questions lying at the heart of the ongoing culture war in contemporary America: Where does

goodness come from, and how is good social order to be achieved? Traditionalists and conservatives, who tend to view human nature as inherently sinful, argue that good order must be imposed from above, by parental authority and ruling powers, by the forces of law and tradition, and, ultimately, by God. Counterculturalists and liberals, who tend to believe in the inherent goodness of human nature, claim that well-supported children will develop into well-ordered adults and that adults empowered to make their own choices will form a healthy, well-ordered society. These opposing visions underlie a host of current controversies, including philosophies of child-rearing and education, social and political policy, sexual morality, and the evolution-

creation debate. By exposing the limitations of both points of view, Andrew Bard Schmookler shows how the culture war presents a challenge to all Americans. This challenge is to integrate the half-truths advanced by both sides into a higher wisdom, one that promises to take the American experiment—to see whether humans can enjoy both the blessings of liberty and the fruits of good order—to the next level of its evolution, toward which it has been straining for the better part of a century.

American Government 2e

American Government 2e is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to

enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

Hellfire Nation

The Politics of Sin in American History *Yale University Press*

Annotation. Although the US is proud of being a secular state, religion lies at the heart of American politics. This volume looks at how the country came to have the soul of a church & the consequences

- the moral crusades against slavery, alcohol, witchcraft & discrimination that time & again have prevailed upon the nation.

The Lost Promise of Patriotism

Debating American Identity, 1890-1920 *University of Chicago Press*

During the years leading up to World War I, America experienced a crisis of civic identity. How could a country founded on liberal principles and composed of increasingly diverse cultures unite to safeguard individuals and promote social justice? In this book, Jonathan Hansen tells the story of a group of American intellectuals who believed the solution to this crisis lay in rethinking the meaning of liberalism.

Intellectuals such as William James, John Dewey, Jane Addams, Eugene V. Debs, and W. E. B. Du Bois repudiated liberalism's association with acquisitive individualism and laissez-faire economics, advocating a model of liberal citizenship whose virtues and commitments amount to what Hansen calls cosmopolitan patriotism. Rooted not in war but in dedication to social equity, cosmopolitan patriotism favored the fight against sexism, racism, and political corruption in the United States over battles against foreign foes. Its adherents held the domestic and foreign policy of the United States to its own democratic ideals and maintained that promoting democracy universally constituted the ultimate form of self-defense. Perhaps most important, the

cosmopolitan patriots regarded critical engagement with one's country as the essence of patriotism, thereby justifying scrutiny of American militarism in wartime.

The United States of America

State Borders and Other State Facts

Xlibris Corporation

The United States of America, State Borders and other State Facts Summary: Learning about what and where state borders are has never been an easier read than in this book. The United States of America, State Borders and Other State Facts is concise and provides for simple to understand north, south, east and west borders as well as providing bordering states and other state facts

that are usually scattered throughout a number of other sources. Use this book for one-stop summaries for each state including pre-state status, state flag and other state facts. Focusing on the tension between elite and popular models of democracy, individuals and movements that made a difference, and recent events, THE DEMOCRATIC DEBATE makes American democracy become more relevant, compelling, and lively. Important Notice:

Media content referenced within the product description or the product text may not be available in the ebook version.

Debating the Issues

American Government and Politics

Debating the Issues: American Government and Politics, by Robert Watson, is the perfect supplemental text to get students to both debate the issues and think critically about politics and governance. Designed for both introductory and advanced courses in American government or American politics, this book features a collection of 30 debates including both enduring, central questions in Political Science and current issues taken straight from the

headlines.

The Tyranny of Merit

What's Become of the Common Good? *Farrar, Straus and Giroux*

A Times Literary Supplement's Book of the Year 2020 A New Statesman's Best Book of 2020 A Bloomberg's Best Book of 2020 A Guardian Best Book About Ideas of 2020 The world-renowned philosopher and author of the bestselling *Justice* explores the central question of our time: What has become of the common good? These are dangerous times for democracy. We live in an age of winners and losers, where the odds are stacked in favor of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the

American credo that "you can make it if you try". The consequence is a brew of anger and frustration that has fueled populist protest and extreme polarization, and led to deep distrust of both government and our fellow citizens—leaving us morally unprepared to face the profound challenges of our time. World-renowned philosopher Michael J. Sandel argues that to overcome the crises that are upending our world, we must rethink the attitudes toward success and failure that have accompanied globalization and rising inequality. Sandel shows the hubris a meritocracy generates among the winners and the harsh judgement it imposes on those left behind, and traces the dire consequences across a wide swath of American life. He offers an

alternative way of thinking about success--more attentive to the role of luck in human affairs, more conducive to an ethic of humility and solidarity, and more affirming of the dignity of work. The Tyranny of Merit points us toward a hopeful vision of a new politics of the common good.

The Federalist Papers *Read Books Ltd* Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known, was constructed by American statesman

Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation’s finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

White Fragility

Why It's So Hard for White People to Talk About Racism *Beacon Press*

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt,

and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Republic at Risk

An Introduction to American Politics *Cambridge University Press*

When people have the freedom to further their own personal interests in politics, the results may be disastrous. Chaos? Tyranny? Can a political system be set up to avoid these pitfalls, while still granting citizens and politicians the

freedom to pursue their interests? *Republic at Risk* is a concise and engaging introduction to American politics. The guiding theme is the problem of self-interest in politics, which James Madison took as his starting point in his defense of representative government in *Federalist* 10 and 51. Madison believed that unchecked self-interest in politics was a risk to a well-ordered and free society. But he also held that political institutions could be designed to harness self-interest for the greater good. Putting Madison's theory to the test, the authors examine modern challenges to the integrity and effectiveness of US policy-making institutions, inviting readers to determine how best to respond to these risks.

Debating the Civil Rights Movement, 1945-1968 Rowman & Littlefield
Education

No other book about the civil rights movement captures the drama and impact of the black struggle for equality better than *Debating the Civil Rights Movement, 1945-1968*. Two of the most respected scholars of African-American history, Steven F. Lawson and Charles M. Payne, examine the individuals who made the movement a success, both at the highest level of government and in the grassroots trenches. Designed specifically for college and university courses in American history, this is the best introduction available to the glory and agony of these turbulent times. Carefully chosen primary documents augment each essay giving students the

opportunity to interpret the historical record themselves and engage in meaningful discussion. In this revised and updated edition, Lawson and Payne have included additional analysis on the legacy of Martin Luther King and added important new documents.

OMG WTF Does the Constitution Actually Say?

A Non-Boring Guide to How Our Democracy is Supposed to Work
Black Dog & Leventhal

Do you know what the Constitution ACTUALLY says? This witty and highly relevant annotation of our founding document is the go-to guide to how our government really works (or is supposed to work). Written by political savant and

entertainment veteran, Ben Sheehan, and vetted for accuracy by experts in the field of constitutional law, *OMG WTF Does the Constitution Actually Say?* is an entertaining and accessible guide that explains what the Constitution actually lays out. With clear notes and graphics on everything from presidential powers to Supreme Court nominations to hidden loopholes, Sheehan walks us through the entire Constitution from its preamble to its final amendment (with a bonus section on the Declaration of Independence). Besides putting the Constitution in modern-day English so that it can be understood, *OMG WTF Does the Constitution Actually Say?* gives readers all of the info they need to be effective voters and citizens in the November elections and beyond.

The Debate on the American Revolution *Manchester University Press*

The Debate on the American Revolution is the first in-depth study of the way in which historians dealt with the coming of the American Revolution and the formation of the U.S. Constitution. The approach is thematic, examining how historians in different periods interpreted these events, their causes, and their meaning. Making accessible the work of often-neglected by early historians, this book examines how the emergence of history as a professional discipline led to new and competing versions of the Revolution. It spans from the first generation of writers--whose ideas about history were shaped by the Enlightenment--to those of the 21st century--who drew on the rich legacy

provided by black studies, gender and women's studies, cultural studies, and ethno-history.

Politics Is for Power

How to Move Beyond Political Hobbyism, Take Action, and Make Real Change *Scribner*

A brilliant condemnation of political hobbyism—treating politics like entertainment—and a call to arms for well-meaning, well-informed citizens who consume political news, but do not take political action. Who is to blame for our broken politics? The uncomfortable answer to this question starts with ordinary citizens with good intentions. We vote (sometimes) and occasionally sign a petition or attend a rally. But we

mainly “engage” by consuming politics as if it’s a sport or a hobby. We soak in daily political gossip and eat up statistics about who’s up and who’s down. We tweet and post and share. We crave outrage. The hours we spend on politics are used mainly as pastime. Instead, we should be spending the same number of hours building political organizations, implementing a long-term vision for our city or town, and getting to know our neighbors, whose votes will be needed for solving hard problems. We could be accumulating power so that when there are opportunities to make a difference—to lobby, to advocate, to mobilize—we will be ready. But most of us who are spending time on politics today are focused inward, choosing roles and activities designed for our short-

term pleasure. We are repelled by the slow-and-steady activities that characterize service to the common good. In *Politics Is for Power*, pioneering and brilliant data analyst Eitan Hersh shows us a way toward more effective political participation. Aided by political theory, history, cutting-edge social science, as well as remarkable stories of ordinary citizens who got off their couches and took political power seriously, this book shows us how to channel our energy away from political hobbyism and toward empowering our values.

The Righteous Mind

Why Good People are Divided by Politics and Religion *Vintage*

Presents a groundbreaking investigation into the origins of morality at the core of religion and politics, offering scholarly insight into the motivations behind cultural clashes that are polarizing America.

American Government 3e

I the People

The Rhetoric of Conservative Populism in the United States

University of Alabama Press

"Moving from the early 1960s to the presidential candidacy of Donald J. Trump, *I, The People: The Rhetoric of Conservative Populism in the United States* draws on theoretical work in rhetorical studies and political theory to

examine a variety of texts ranging from speeches and campaign advertisements to news reports and political pamphlets, to outline the populist character of conservatism in the United States. Johnson's study makes several contributions to this robust and thriving area of research and scholarship. It argues that conservatism is not a coherent, studious ideology: rather, conservatism names a particular brand of victim-focused, white and male identity politics that exerts disproportionate influence on American politics and ever-tightening dominion over the Republican Party. *I, The People* emphasizes that discussions of the intellectual character of American conservatism should be mindful of its populist nature, which often limits the

potential for conservative intellectuals to shape and control the very movement to which they belong. The study also challenges the long tradition of scholarship on conservatism that celebrates this tradition's seeming multiplicity, especially the tendency to suggest conservatives are uneasy with capitalism. While some self-identified conservatives oppose capitalist materialism, in practice conservatism's populist vocabulary has tilted the grammar of the United States in favor of a 'freedom' friendly to the market. Such 'freedom' is defined against some parts of the state's regulatory apparatus and/or a coalition of marginal persons thought to embody threats to national unity. In practice, because conservatism traditionally relies on negative definition

to imagine its exclusion from the American political system, American conservatism ends up defining both 'the people' and the market as forces with a mutual skepticism of an overweening political order. Johnson also tackles the suggestion that conservatives learned to practice identity politics from social progressives. From the beginning, conservatism was an identity politics. U.S. conservatism relied on a rhetoric of victimhood, whether critiquing the liberal Cold War consensus or fears about Barack Obama's electoral success. Finally, the manuscript makes an important contribution to conversations about populism. Just because conservatism invokes 'the people' does not make it a collective, public-facing enterprise. 'The people' of conservatism

is fundamentally hostile to the idea of the public, and any study of populism should account for the way that conservatism plays on a hostility to democracy with sources in the infrastructure of the United States itself"-

Debating Yoga and Mindfulness in Public Schools

Reforming Secular Education or Reestablishing Religion? *UNC Press Books*

Yoga and mindfulness activities, with roots in Asian traditions such as

Hinduism or Buddhism, have been brought into growing numbers of public schools since the 1970s. While they are commonly assumed to be secular educational tools, Candy Gunther Brown asks whether religion is truly left out of the equation in the context of public-school curricula. An expert witness in four legal challenges, Brown scrutinized unpublished trial records, informant interviews, and legal precedents, as well as insider documents, some revealing promoters of "Vedic victory" or "stealth Buddhism" for public-school children. The legal challenges are fruitful cases for Brown's analysis of the concepts of religious and secular. While notions of what makes something religious or secular are crucial to those who study religion, they have special significance in

the realm of public and legal norms. They affect how people experience their lives, raise their children, and navigate educational systems. The question of religion in public education, Brown shows, is no longer a matter of jurisprudence focused largely on the establishment of a Protestant Bible or

nonsectarian prayer. Instead, it now reflects an increasingly diverse American religious landscape. Reconceptualizing secularization as transparency and religious voluntarism, Brown argues for an opt-in model for public-school programs.
