At our area, we believe in making paper availability easy and quick for everybody. That's why we're thrilled to invite you to begin downloading and install How Long Does It Take For Forge Constructs To Restock PDF today.

Our substantial collection of PDF files covers a wide variety of subjects and markets, consisting of research study materials, academic resources, and professional files. With just a few clicks, you can access the info you need to boost your work and research study.

Our simple and speedy download procedure implies you can swiftly acquire the PDF data How Long Does It Take For Forge Constructs To Restock you need, with no unnecessary trouble. Whether you

get on a desktop computer or smart phone, our system is developed to be suitable with all devices, ensuring you can access your downloads from anywhere.

We understand the eases that PDF submits offer, from easy reading and navigating to compatibility across various tools. That's why we're committed to offering you with the most effective experience feasible when it comes to downloading and install How Long Does It Take For Forge Constructs To Restock PDFs.

Joining our community is very easy and comes with a host of advantages. Our members get to a comprehensive collection of PDF documents prepared for download and can add to the area by submitting their very own declare others to use.

So why wait? Start downloading How Long Does It Take For Forge Constructs To Restock PDF today and experience the simplicity and ease of accessing a large range of beneficial papers within your reaches.

How Long Does It Take for Trash to Decompose? *How Long Does It Take*
"Examines the processes of trash decomposition"--

From Dissertation to Book, Second Edition *University of Chicago Press*

When a dissertation crosses my desk, I usually want to grab it by its metaphorical lapels and give it a good shake. "You know something!" I would say if it could hear me. "Now tell it to us in language we can understand!" Since its publication in 2005, *From Dissertation to Book* has helped thousands of young academic authors get their books beyond the thesis committee and into the hands of interested publishers and general readers. Now revised and updated to reflect the evolution of scholarly publishing, this edition includes a new chapter arguing that the future of academic writing is in the hands of young scholars who must create work that meets the broader expectations of readers rather than the narrow requirements of academic committees. At the heart of *From Dissertation to Book* is the idea that revising the dissertation is fundamentally a process of shifting its focus from the concerns of a narrow audience—a committee or advisors—to those of a broader scholarly audience that wants writing to be both informative and engaging. William Germano offers clear guidance on how to do this, with advice on such topics as rethinking the table of contents, taming runaway footnotes, shaping chapter length, and confronting the limitations of jargon, alongside helpful timetables for light or heavy revision. Germano draws on his years of experience in both academia and publishing to show writers how to turn a dissertation into a book that an audience will actually enjoy, whether reading on a page or a screen. Germano also acknowledges that not all dissertations can or even should become books and explores other, often overlooked, options, such as turning them into journal articles or chapters in an edited work. With clear directions, engaging examples, and an eye for the idiosyncrasies of academic writing, *From Dissertation to Book* reveals to recent PhDs the secrets of careful and thoughtful revision—a skill that will be truly invaluable as they add "author" to their curriculum vitae.

The Long Take *Picador*

Shortlisted for the Man Booker Prize 2018 Shortlisted for The Goldsmiths Prize 2018 Winner of The Roehampton Poetry Prize 2018 A noir narrative written with the intensity and power of poetry, *The Long Take* is one of the most remarkable - and unclassifiable - books of recent years. Walker is a D-Day veteran with post-traumatic stress disorder; he can't return home to rural Nova Scotia, and looks instead to the city for freedom, anonymity and repair. As he moves from New York to Los Angeles and San Francisco we witness a crucial period of fracture in American history, one that also allowed film noir to flourish. The Dream had gone sour but - as those dark, classic movies made clear - the country needed outsiders to study and dramatise its new anxieties. While Walker tries to piece his life together, America is beginning to come apart: deeply paranoid, doubting its own certainties, riven by social and racial division, spiralling corruption and the collapse of the inner cities. *The Long Take* is about a good man, brutalised by war, haunted by violence and apparently doomed to return to it - yet resolved to find kindness again, in the world and in himself. Watching beauty and disintegration through the lens of the film camera and the eye of the poet, Robin Robertson's *The Long Take* is a work of thrilling originality.

Cell Biology by the Numbers *Garland Science*

A Top 25 CHOICE 2016 Title, and recipient of the CHOICE Outstanding Academic Title (OAT) Award. How much energy is released in ATP hydrolysis? How many mRNAs are in a cell? How genetically similar are two random people? What is faster, transcription or translation? *Cell Biology by the Numbers* explores these questions and dozens of others provided

No Great Mischief *Emblem Editions*

Alexander MacDonald guides us through his family's mythic past as he recollects the heroic stories of his people: loggers, miners, drinkers, adventurers; men forever in exile, forever linked to their clan. There is the legendary patriarch who left the Scottish Highlands in 1779 and resettled in "the land of trees," where his descendants became a separate Nova Scotia clan. There is the team of brothers and cousins, expert miners in demand around the world for their dangerous skills. And there is Alexander and his twin sister, who have left Cape Breton and prospered, yet are haunted by the past. Elegiac, hypnotic, by turns joyful and sad, *No Great Mischief* is a spellbinding story of family, loyalty, exile, and of the blood ties that bind us, generations later, to the land from which our ancestors came.

Atomic Habits**An Easy & Proven Way to Build Good Habits & Break Bad Ones** *Penguin*

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The

problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to:

- make time for new habits (even when life gets crazy);
- overcome a lack of motivation and willpower;
- design your environment to make success easier;
- get back on track when you fall off course; ...and much more.

Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

The Lead Machine**The Small Business Guide to Digital Marketing** *take flyte publishing*

Are you looking to generate more leads online? Do you want to rank higher at the search engines, engage your audience on social media, and get them to take action at your website? Sometimes getting to the first page on Google or building an audience on Facebook seems incredibly difficult, frustrating, or even impossible. In *The Lead Machine*, author, digital agency owner, and entrepreneur Rich Brooks breaks down digital marketing into its BARE Essentials: Build, Attract, Retain, and Evaluate. He shows you a step-by-step approach to how you can master SEO, social media, email, and content marketing. How you can improve your website to convert more visitors into customers. How you can stay in touch with prospects even after they've left your site. And how to make sense of your website traffic reports and other analytics so you can continually grow your business. Regardless of your business or industry, the BARE Essentials framework will help you generate more quality leads online, leading to more sales and more business.

Occupational Outlook Handbook

Caffeine for the Sustainment of Mental Task Performance

Formulations for Military Operations *National Academies Press*
This report from the Committee on Military Nutrition Research reviews the history of caffeine usage, the metabolism of caffeine, and its physiological effects. The effects of caffeine on physical performance, cognitive function and alertness, and alleviation of sleep deprivation impairments are discussed in light of recent scientific literature. The impact of caffeine consumption on various aspects of health, including cardiovascular disease, reproduction, bone mineral density, and fluid homeostasis are reviewed. The behavioral effects of caffeine are also discussed, including the effect of caffeine on reaction to stress, withdrawal effects, and detrimental effects of high intakes. The amounts of caffeine found to enhance vigilance and reaction time consistently are reviewed and recommendations are made with respect to amounts of caffeine appropriate for maintaining alertness of military personnel during field operations. Recommendations are also provided on the need for appropriate labeling of caffeine-containing supplements, and education of military personnel on the use of these supplements. A brief review of some alternatives to caffeine is also provided.

The Convict Lover

A True Story *Macfarlane Walter & Ross*
True story of a young girl and a convict in Kingston during the 1920's. Letters.

Gutenberg’s Fingerprint

A Book Lover Bridges the Digital Divide *ECW Press*
An intimate narrative exploring the past, present, and future of books Four seismic shifts have rocked human communication: the invention of writing, the alphabet, mechanical type and the printing press, and digitization. Poised over this fourth transition, e-reader in one hand, perfect-bound book in the other, Marilyn Simonds — author, literary maven, and early adopter — asks herself: what is lost and what is gained as paper turns to pixel? Gutenberg’s Fingerprint trolls the past, present, and evolving future of the book in search of an answer. Part memoir and part philosophical and historical exploration, the book finds its muse in Hugh Barclay, who produces gorgeous books on a hand-operated antique letterpress. As Simonds works alongside this born-again Gutenberg, and with her son to develop a digital edition of the same book, her assumptions about

reading, writing, the nature of creativity, and the value of imperfection are toppled. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 16.0px Times; -webkit-text-stroke: #000000} span.s1 {font-kerning: none} Gutenberg’s Fingerprint is a timely and fascinating book that explores the myths, inventions, and consequences of the digital shift and how we read today.

Modern Manufacturing Leadership 101 *Austin Macauley*
As a leader, you should know what makes your team click. You should know how to motivate them consistently. You should never be worried about what your team is doing when your back is turned. Modern Manufacturing Leadership 101 gives you the tools you need to build a solid team of people that trust you and will render full efforts at all times. The days of ruling with an iron fist are over, and people never submit to dictator-style leadership indefinitely. We all know that boss who no one wants to deal with. Imagine being the leader who everyone wants to work for. Imagine getting the results you need and climbing the corporate ladder without being overly aggressive or cut-throat. This book will teach you how to obtain success in the workplace by earning respect and trust first. After building the proper foundation, your results will skyrocket, and you can begin to create balance. What good is a great career when you're missing out what matters most: family. MML 101 will show you how to win both at work and at home.

Book Blueprint

How Any Entrepreneur Can Write an Awesome Book *Morgan James Publishing*
With the availability of self-publishing services and the rise of the entrepreneur as a thought leader, writing a book is becoming more appealing to an increasing number of small business owners. The problem? Most small business owners aren’t writers, have never written a book before, are time poor and don’t know where to start. While many want to write a book, they worry about investing months of their time and thousands of their dollars to write something that isn’t any good, or to not even finish. Book Blueprint gives a step-by-step framework that any entrepreneur can follow to write a great book quickly, even if they’re not a writer.

My Soul Immortal *Red Adept Publishing, LLC*
Book 1 of Fated Eternals An endless love, for an endless price. Jack’s immortality is exposed when he prevents a liquor store heist, forcing him to flee to protect his secret—a secret not even he understands. But when he meets Leah Winters—a mirror image of his decades-lost love, Lydia—his very soul is laid bare. He begins to question his sanity. Is she real, and if so, what does that mean for Jack and his secret? Jack’s not the only mystery man in town. A stranger named Artagan hints at knowledge Jack is desperate to possess. But can he trust Artagan, or does the dark newcomer harbor deadly secrets of his own? As Jack’s bond with Leah grows, so does the danger to her life. Jack must discover just how much he is willing to risk in order to save the woman he already lost once. Keywords: Paranormal, Romance, Immortal, Love

Tiny Crimes

Very Short Tales of Mystery and Murder *Catapult*

Forty very short stories that reimagine the genre of crime writing from some of today's most imaginative and thrilling writers "An intriguing take on crime/noir writing, this collection of 40 very short stories by leading and emerging literary voices—Amelia Gray, Brian Evenson, Elizabeth Hand, Carmen Maria Machado, Benjamin Percy, Laura van den Berg and more—investigates crimes both real and imagined. Despite their diminutive size, these tales promise to pack a punch." —Chicago Tribune, 1 of 25 Hot Books for Summer Tiny Crimes gathers leading and emerging literary voices to tell tales of villainy and intrigue in only a few hundred words. From the most hard-boiled of noirs to the coziest of mysteries, with diminutive double crosses, miniature murders, and crimes both real and imagined, Tiny Crimes rounds up all the usual suspects, and some unusual suspects, too. With illustrations by Wesley Allsbrook and flash fiction by Carmen Maria Machado, Benjamin Percy, Amelia Gray, Adam Sternbergh, Yuri Herrera, Julia Elliott, Elizabeth Hand, Brian Evenson, Charles Yu, Laura van den Berg, and more, Tiny Crimes scours the underbelly of modern life to expose the criminal, the illegal, and the depraved.

Prof. Mule *Independently Published*

Adjunct professor Craig Fortran has a problem. He must get a shipment of drugs to an alluring woman his wife doesn't know about. He's doing it for the money ... to help his wife. Because she's sinking, and they're broke, and he loves her. The drug runners call him Prof. Mule. His academic colleagues call him a lightweight. And now the cartel is angry. "Prof. Mule" is a fantastic caper; a story of love and transformation. Of drugs and tough guys. Of horrible backstabbing professors at a mediocre college. And it's a story about how everyone is pretending, and everyone is corrupt.

The Practical Pocket Guide to History Taking and Clinical Examination *CRC Press*

History taking and examination skills are vitally important in everyday practice. They are examined at all levels of the undergraduate curriculum and are constantly monitored at a postgraduate level. To become proficient in history taking, key questions should be asked to quickly understand the exact nature of the illness. This invaluable guide spec

in order to move beyond simply playing single note melodies. The course contains outstanding songs such as "The Entertainer," "Scarborough Fair," "Greensleeves" and "Amazing Grace."

In Praise of Slow**How a Worldwide Movement Is Challenging the Cult of Speed** *Vintage Canada*

In the tradition of such trailblazing books as No Logo and The Tipping Point, In Praise of Slow heralds a growing international movement of people dedicated to slowing down the pace of our contemporary times and enjoying a richer, fuller life as a result. These days, almost everyone complains about the hectic pace of their lives. We live in a world where speed rules and everyone is under pressure to go faster. But when speed is king, anyone or anything that gets in our way, that slows us down, becomes an enemy. Thanks to speed, we are living in the age of rage. Carl Honore has discovered a movement that is quickly working its way into the mainstream. Groups of people are developing a recipe for living better in a fast-paced, modern environment by striving for a new balance between fast and slow. In an entertaining and hands-on investigation of this new movement, Honore takes us from a Tantric sex workshop in a trendy neighbourhood in London, England to Bra, Italy, the home of the Slow Food, Slow Cities and Slow Sex movements. He examines how we can continue to live productive lives by embracing the tenets of the slow movement. A challenging take on the cult of speed, as well as a corrective look at how we can approach our lives with new understanding, In Praise of Slow uncovers a movement whose time has come.

Surviving Death

A prophecy. A rebellion. A young woman thrust to the forefront. Welcome to the afterlife. Tilly's death isn't going very well. She's been assigned the last job anyone wants: escorting souls to Hell. Worse, the afterlife is run on an automated system of justice based on arbitrary rules and three-strike punishments, and despite her best intentions, her strikes are running out. One more screw up and she'll be damned for all eternity. Just like her mother. Furious at the ridiculous rules in the afterlife, Tilly risks her own damnation in a search for justice. She sets out on a quest through Heaven and Hell—one that makes her the accidental face of a rebellion and leads her to an ultimate showdown with Lucifer and Death himself. Her mother's soul—and the souls of mankind—depend on her.

Smash Poetry Journal**125 Writing Ideas for Inspiration and Self Exploration** *Penguin*

purse, you can jot down ideas for poems as you're waiting in line for a morning coffee or take it to the park for a breezy afternoon writing session. Wherever you are, your next poem is never more than a page-turn away.

Marijuana As Medicine?

The Science Beyond the Controversy *National Academies Press*

Some people suffer from chronic, debilitating disorders for which no conventional treatment brings relief. Can marijuana ease their symptoms? Would it be breaking the law to turn to marijuana as a medication? There are few sources of objective, scientifically sound advice for people in this situation. Most books about marijuana and medicine attempt to promote the views of advocates or opponents. To fill the gap between these extremes, authors Alison Mack and Janet Joy have extracted critical findings from a recent Institute of Medicine study on this important issue, interpreting them for a general audience. *Marijuana As Medicine?* provides patients--as well as the people who care for them--with a foundation for making decisions about their own health care. This empowering volume examines several key points, including: Whether marijuana can relieve a variety of symptoms, including pain, muscle spasticity, nausea, and appetite loss. The dangers of smoking marijuana, as well as the effects of its active chemical components on the immune system and on psychological health. The potential use of marijuana-based medications on symptoms of AIDS, cancer, multiple sclerosis, and several other specific disorders, in comparison with existing treatments. *Marijuana As Medicine?* introduces readers to the active compounds in marijuana. These include the principal ingredient in Marinol, a legal medication. The authors also discuss the prospects for developing other drugs derived from marijuana's active ingredients. In addition to providing an up-to-date review of the science behind the medical marijuana debate, Mack and Joy also answer common questions about the legal status of marijuana, explaining the conflict between state and federal law regarding its medical use. Intended primarily as an aid to patients and caregivers, this book objectively presents critical information so that it can be used to make responsible health care decisions. *Marijuana As Medicine?* will also be a valuable resource for policymakers, health care providers, patient counselors, medical faculty and students--in short, anyone who wants to learn more about this important issue.

Guide to Literary Agents 2020

The Most Trusted Guide to Getting Published *Penguin*

The Best Resource Available for Finding a Literary Agent! literary agents. • Plus, a 30-Day Platform Challenge to help writers build their writing platforms +Includes 20 literary agents actively seeking writers and their writing

The Road *Vintage*

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

100 Days of Sunlight

When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. *100 Days of Sunlight* is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.

I Love a Book *MoonDance Press*

At once inspirational, silly, and fun, this lavishly illustrated picture book is a celebration of reading and children's marvelous capacity for enjoyment and imagination. Full color.

Let's Write a Short Story!

The Long Take

Art Cinema and the Wondrous *U of Minnesota Press*

In *The Long Take*, Lutz Koepnick posits extended shot durations as a powerful medium for exploring different modes of perception and attention in our fast-paced world of mediated stimulations. Grounding his inquiry in the long takes of international filmmakers such as Béla Tarr, Tsai Ming-liang, Abbas Kiarostami, Apichatpong Weerasethakul, and Michael Haneke, Koepnick reveals how their films evoke wondrous experiences of surprise, disruption, enchantment, and reorientation. He proceeds to show how the long take has come to thrive in diverse artistic practices across different media platforms: from the work of photographer Hiroshi Sugimoto to the screen-based installations of Sophie Calle and Tacita Dean, from experimental work by Francis Alÿs and Janet Cardiff to durational images in contemporary video games. Deeply informed by film and media theory, yet written in a fluid and often poetic style, *The Long Take* goes far beyond recent writing about slow cinema. In Koepnick's account, the long take serves as a critical hallmark of international art cinema in the twenty-first century. It invites viewers to probe the aesthetics of moving images and to recalibrate their sense of time. Long takes unlock windows toward the new and unexpected amid the ever-mounting pressures of 24/7 self-management.

Taking it to the Hill

The Complete Guide to Appearing Before Parliamentary Committees *University of Ottawa Press*

The standing committees of the House of Commons and Senate make it possible for practically any person or group to access the policy-making process and become a lobbyist. This handy and complete guide coaches prospective witnesses to do it right. Targeted primarily at those who have a stake in advancing a cause "on the hill," this guide reveals the lessons and advice of experienced parliamentarians and those who work behind the doors of Parliament. It is a "how-to" for lobbyists and advisors and "must-read" for students of political science and public administration. This refreshed edition has been updated to reflect key developments in procedure and committee practices in an ever-changing parliamentary environment.

Abortion, Execution, and the Consequences of Taking Life *Transaction Publishers*

This book focuses on the relationship between public morality and personal action in the American political community. It emphasizes the responsibilities of citizens and government to find and confirm truth, looking to specific sources: religious scripture and empirical events. Recognizing that we have a natural preference for distraction and distance from both sources of truth, Slack uses qualitative, open-ended interviews and direct observation to uncover the intimate consequences of life-taking in open societies. Abortion and murder/capital punishment are instances in which there is a sequence of events that result in life-taking. The act of murder denies the sanctity of life of

someone else. Abortion and capital punishment also deny the sanctity of the lives of others. The intimacy of life-taking is not typically acknowledged or remains hidden. This makes it difficult to assess the consequences for victims, survivors, and the political community as a whole. As a result, there is only a tenuous link between public actions that question the sanctity of human life and the moral compass professed by the American democracy. The volume presumes a theocentric foundation envisioned by the American Founders. It explores the model's first source of truth, biblical scripture, as it applies to the public actions of murder, abortion, and capital punishment. Then it investigates the intimate reality of these acts. These realities are examined in a variety of settings, resulting in a mosaic pattern of public action about capital punishment and abortion. Slack underscores the importance of government's role of providing outward justice, as well as the citizen's responsibility to be supportive of government tasks in order to reconcile the reality of life-taking with the moral compass professed in the American political community.

In Leah's Wake

The Tyler family had the perfect life - until sixteen-year-old Leah decided she didn't want to be perfect anymore. While Leah's parents fight to save their daughter from destroying her brilliant future, Leah's younger sister, Justine, must cope with the damage her out-of-control sibling leaves in her wake. Will this family survive? What happens when love just isn't enough? Jodi Picoult fans will love *In Leah's Wake* - a heartbreaking, ultimately redemptive story about family, connection and our responsibility to those we love.

Taking the Stress Out of Homework

Organizational, Content-Specific, and Test-Prep Strategies to Help Your Children Help Themselves *Penguin*

"As a mother of three, this book's practical road map for helping our kids learn independently is invaluable. This should be a must-read for all parents." --Jenna Bush Hager Drawing on extensive experience as classroom teachers and the directors of their highly regarded tutoring business, Abby and Brian address a range of common frustrations caused by homework. They answer the most pressing questions on every parent's mind: How much should I get involved, what does constructive help look like, and how can I help my child work independently? *Taking the Stress out of Homework* breaks down for parents exactly when and how to offer homework support. Whether your child's stress point is executive functioning--the ability to plan or organize--or a subject-specific struggle in math, reading, writing, or standardized test-preparation, Abby and Brian use real-life stories to provide individualized, actionable advice. At the center of Abby and Brian's philosophy is encouraging students to break free of the "let's get to the answer already so that we can be done with the assignment" mindset; they focus instead on a process-oriented approach that fosters engagement and self-sufficiency both in and out of school. Filled with expert tips about how to build executive functioning and content skills, Abby and Brian share stress-reducing best practices so homework not only supports what kids are learning, but also helps build confidence and skills that last a lifetime.

Why I Take the Bible Seriously But Not Literally

One May Study the Bible Seriously, Respectfully, and Reverently Without Believing It Literally. AuthorHouse

As a pastor I have a dual role: that of a prophet and a priest. The prophet confronts the people, and the priest comforts the people. I am to comfort the troubled and trouble the comfortable. In relationship to the Bible, the dual struggle is clear. As the priest, I take the Bible seriously because it changes lives (first sermon). I have never heard anyone give testimony that reading Plato's The Republic, Virgil's Aeneid, Homer's Odyssey, Cicero's Moral Ethics, or John Stewart Mill's Liberty changed their lives. But thousands of people have given testimony of how reading the Bible has changed their lives forever. As the prophet, I propose to you that no book has been more abused than the Bible or more misunderstood. The Bible has been a playground for lunatics, profit for the charlatans, a profession for the clergy, a problem for theologians, a puzzle for the general public, and placid for the masses. I believe if a person will read the Bible interpretatively and intelligently it will be read seriously, respectfully and reverently thereby becoming the living word of God. Gene Rollins, Author

The Taking of Libbie, SD

A McKenzie Novel Minotaur Books

In David Housewright's The Taking of Libbie, SD, a grifter cons an entire town using Mac McKenzie's name, leaving the real McKenzie facing an angry town with nothing left to lose. Rushmore McKenzie is a retired cop, an unexpected millionaire, and an occasional unlicensed private investigator. So, it isn't the biggest surprise in the world when he's attacked and kidnapped from his home—McKenzie has more than a few enemies out there with a grudge against him. But it is a surprise when it turns out his kidnapping is a case of mistaken identity. McKenzie was taken to the small plains town of Libbie, South Dakota which just lost pretty much everything it had to a con man using McKenzie's name. Using a scam involving a new shopping mall, the grifter apparently stole all the money electronically from the bank then disappeared, leaving behind a devastated town full of people with many reasons to hate him. To that list of enemies, he's just added McKenzie who is now determined to help the devastated townspeople, as well as catch and punish the weasel besmirching his reputation.

Fahrenheit 451

A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.
