Retirement Wisdom That You Won't Get from Your Financial Advisor *Visions International Pub*
Retirement is the beginning of life, not the end.

How to Retire Happy, Wild, and Free

Retirement Wisdom That You Won't Get from Your Financial Advisor *Vision International Pub. ; Kelowna, B.C. : Distributed to Canadian bookstores by Sandhill Book Marketing*
What sets this retirement book apart from all the others is its holistic approach to the fears, hopes, and dreams that retirees have about their retirement years. This international bestseller (over 110,000 copies sold) goes way beyond the numbers that is

often the main focus of retirement planning in most retirement books. Readers can better envision their individual retirement goals, including where they want to live, what they want to do in retirement, and what they should do when they are still working to ensure that they have a happy retirement. There are many ingredients of a happy retirement and several retirement planning tools that help retirees plan for their retirement in new and more meaningful ways. One of the most powerful tools is The Get-a-Life Tree that you won't find in any other retirement books. In short, *How to Retire Happy Wild, and Free* helps readers create an active, satisfying, and happy retirement in a way such that they don't need a million dollars to retire.

Thrive in Retirement

Simple Secrets for Being Happy for the Rest of Your Life *WaterBrook Press*

Discover the three secrets to happiness--and much more--in the later years of life. Never before in human history have so many people lived for decades beyond their working years. 10,000 Americans turn 65 each day, and their average life expectancy is another 20 years--and many will live longer. But will they just live or have a meaningful life? The truth is that many--if not most--people approaching the latter years do not have a plan, much less a strategy to thrive instead of just survive. Packed with information based on research as well as common-sense wisdom, here are some examples of what readers will discover: * How retiring at the wrong time increases the likelihood of dying 89%. * What can delay Alzheimer's onset an average of 9 years. * How everything that makes you happy comes in just 3 forms. * Which partner is most likely to initiate divorce after decades of marriage and why.

Retiring?

Your Next Chapter Is about Much More Than Money *Houndstooth Press*

Planning for retirement isn't just about money. Retirement has changed dramatically since our parents' generation. People are living far longer, with far better health than ever before—both mentally and physically. Instead of slowing down, people are leaving their jobs feeling ready to take on the world. They're financially independent, active, and capable. And then, suddenly, they have nothing to do. Business friends drift away, the sense of purpose that comes with solving problems day in and day out fades into memory, and you start looking ahead to the next thirty or forty years wondering what on earth you're going to do with all that time. *Retiring?* takes a profound look at twenty-first-century retirement, helping you plan all the nonfinancial aspects of what comes next. Drawing on the experience of today's modern, vibrant retirees, *Retiring?* offers a concise, practical, and conversational guide to the best chapter of your life.

Professionally, you're experiencing the success that years of hard work brings -- but the long hours are taking their toll and you're burning out fast. Fortunately, there's an alternative to the grind: Early semi-retirement. Work fewer hours, realize your goals and dreams, spend time with your loved ones -- and do it all years, even decades, before the "normal" retirement age of 65. With *Work Less, Live More* and a little planning, you can do it. The book provides a rational investment system based on Nobel Prize-winning research, a safe lifelong withdrawal plan and sensible spending guidelines. More importantly, the book provides inspiring stories and insights of many successful early semi-retirees, walking proof that meaningful work -- rather than full-time work -- is both fulfilling and rewarding. The author, who achieved semi-retirement at age 42, shows how to make it work, step by step and in plain English. The 2nd edition addresses health care issues and focuses on readers of any age, especially "late bloomers" who may feel they're way behind.
