Reference | Definition of Reference at Dictionary.com

In the philosophy of language, the distinction between sense and reference was an innovation of the German philosopher and mathematician Gottlob Frege in 1892, reflecting the two ways he believed a singular term may have meaning. The reference of a proper name is the object it means or indicates, whereas its sense is what the name expresses. The reference of a sentence is its truth value, whereas its sense is the thought that it expresses. Frege justified the distinction in a number of ways. Sen
