The Future Of Men Masculinity In The Twentyfirst Century

To most people in our world, masculinity has been characterized by heterosexuality, stoicism, athleticism, sexual activity, and overall dominance. But such a rigid definition of masculinity is toxic. For one, the uncompromising definition forces young men to actively change who they are to fit some socially destructive mold of a man.

International Men's Day: 'We're struggling with the chaos ...

The future of masculinity is not an erasure of the traditional masculine archetype (ie strong, rugged, powerful, action-oriented), but a conscious release of the shadow sides of these traits (domination, control, emotional suppression, violence) and a conscious choosing of what our masculinity means to us. The future of masculinity is the reclamation of this true divine masculine archetype, by whoever resonates most deeply with that energy.

Date. Threats to a man's masculinity could spell danger for the future of their romantic relationships, a new study has revealed. Psychologists have discovered that when men feel their masculinity is under threat rather than draw closer to their partner, they are more likely to pull away in a vain attempt to restore their masculinity. Ironically, however, their actions are likely to be futile, as the study also showed that men who show less commitment in a relationship, are not viewed as ...
