90 Minutes | 3rd – 12th Grades. The Egg Drop project is a highly-
versatile activity that can be used to introduce students to
physics, materials science, and fluid dynamics. For elementary
and middle school classes, the students have a wide range of
materials to ‘buy’ with their allotted budgets. For the high school
classes, the budget and number of available materials are
reduced, making the challenge more difficult and emphasizing
the engineering design process.

Egg Drop – Center for STEM Education

The egg drop contest is an experiment usually performed by
college or primary school students. Competitors typically attempt
to create a device that can keep a raw chicken egg intact when
dropped from a height. Students are asked to build a device
made from a limited or unlimited amount of materials to support
an egg when dropped from various heights.
