### **SPA Design and Architecture: Understanding single-page web ...**

Spa architecture is the name given to buildings that provide facilities for relaxation, recuperation and health treatment in spas. The architecture of these buildings is called "spa architecture" even though it is not a uniform architectural style, but a collective term for a genre of buildings with a spa function. This type of

building first appeared in Europe in the 17th century and had its heyday in the 19th century. The term spa architecture relates especially to buildings in the healing spa
