Jump Ship to Freedom *AudioGO*

Young Daniel Arabus and his mother are slaves in the house of Captain Ivers of Stratford, Connecticut. By law they should be free, since Daniel's father fought in the Revolutionary army and earned enough in soldiers' notes to buy his family's freedom. But now Daniel's father is dead, and Mrs. Ivers has taken the notes from his mother. When Daniel bravely steals the notes back, a furious Captain Ivers forces him aboard a ship bound for the West Indies--and certain slavery. Even if Daniel can manage to jump ship in New York, will he be able to travel the long and dangerous road to freedom?

Jump for Freedom

The Escape; Or, a Leap for Freedom *Cosimo, Inc.*

"The first play by an African-American, this comic 1858 melodrama about two slaves who secretly marry explores the racial tensions between North and South in the years just before the Civil War"--back cover.

Berlin, August 1961: Jump Into Freedom

The Escape; Or, a Leap for Freedom *Cosimo, Inc.*

The first play published by an African-American, this comic 1858 melodrama about two slaves who secretly marry explores the racial tensions between North and South in the years just before the Civil War. With its mix of action, comedy, social commentary and an authenticity only a former slave could recreate, *The Escape* is essential reading for students of black history and literature. It is also a remarkable glimpse at characters and situations rarely seen from the contemporary black perspective. Born into slavery, American author WILLIAM WELLS BROWN (1814-1884) escaped to the North where he became a prominent abolitionist lecturer, novelist, playwright, and historian. His novel, *Clotel; or, The President's Daughter*, is considered by historians to be the first novel written by an African American. His other works include *The Negro in the American Rebellion* and *The Black Man*.

The Escape: A Leap for Freedom *Lulu.com*

At the age of 20, William Wells Brown escaped a life of slavery and found freedom on the banks of the Ohio River. He became an ardent abolitionist and a prolific writer. This play, published in 1858, may very well be the first piece of dramatic literature written by an African American

The Escape; Or, A Leap For Freedom**A Drama, in Five Acts** *Good Press*

Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Juneteeth Jumps!**A Riddle for Freedom** *Createspace Independent Publishing Platform*

History and Time in Some Jump Rope Rhymes. . . .

Sick from Freedom**African-American Illness and Suffering during the Civil War and Reconstruction** *Oxford University Press*

Bondspeople who fled from slavery during and after the Civil War did not expect that their flight toward freedom would lead to sickness, disease, suffering, and death. But the war produced the largest biological crisis of the nineteenth century, and as historian Jim Downs reveals in this groundbreaking volume, it had deadly consequences for hundreds of thousands of freed people. In *Sick from Freedom*, Downs recovers the untold story of one of the bitterest ironies in American

history--that the emancipation of the slaves, seen as one of the great turning points in U.S. history, had devastating consequences for innumerable freed people. Drawing on massive new research into the records of the Medical Division of the Freedmen's Bureau—a nascent national health system that cared for more than one million freed slaves—he shows how the collapse of the plantation economy released a plague of lethal diseases. With emancipation, African Americans seized the chance to move, migrating as never before. But in their journey to freedom, they also encountered yellow fever, smallpox, cholera, dysentery, malnutrition, and exposure. To address this crisis, the Medical Division hired more than 120 physicians, establishing some forty underfinanced and understaffed hospitals scattered throughout the South, largely in response to medical emergencies. Downs shows that the goal of the Medical Division was to promote a healthy workforce, an aim which often excluded a wide range of freedpeople, including women, the elderly, the physically disabled, and children. Downs concludes by tracing how the Reconstruction policy was then implemented in the American West, where it was disastrously applied to Native Americans. The widespread medical calamity sparked by emancipation is an overlooked episode of the Civil War and its aftermath, poignantly revealed in *Sick from Freedom*.

Marxism and the Leap to the Kingdom of Freedom**The Rise and Fall of the Communist Utopia**

The aim of this book is to carefully reconstruct Marx and Engels's theory of freedom, to highlight its centrality for their vision of the communist society of the future, to trace its development in the history of Marxist thought, including Marxism-Leninism, and to explain how it as possible for it to be transformed at the height of its influence into a legitimization of totalitarian practices. The relevance of the Marxist conception of freedom for an understanding of communist totalitarianism derives from the historical fact that the latter came into being as a the result of a conscious, strenuous striving to realize the former. The Russian Revolution suppressed "bourgeois freedom" to pave the way for the "true freedom" of communism. Totalitarianism was a by-product of this immense effort. The last section of the book gives a concise analysis of the dismantling of Stalinism, involving not only the gradual detotalitarization but also the partial decommunization of "really existing socialism." Throughout, Marxism is treated as an ideology that has compromised itself but that nevertheless deserves to be seen as the most important, however exaggerated and, ultimately, tragically mistaken, reaction to the multiple shortcomings of capitalist societies and the liberal tradition.

Freedom Soup *Candlewick Press*

"A Haitian grandmother and granddaughter share a holiday, a family recipe, and a story of freedom. . . . A stunning and necessary historical picture book." —Kirkus Reviews (starred review) The shake-shake of maracas vibrates down to my toes. Ti Gran's feet tap-tap to the rhythm. Every year, Haitians all over the world ring in the new year by eating a special soup, a tradition dating back to the Haitian Revolution. This year, Ti Gran is teaching Belle how to make Freedom Soup just like she was taught when she was a little girl. Together, they dance and clap as they prepare the holiday feast, and Ti Gran tells Belle about the history of the soup, the history of Belle's family, and the history of Haiti, where Belle's family is from. In this celebration of cultural traditions passed from one generation to the next, Jacqueline Alcántara's lush illustrations bring to life both Belle's story and the story of the Haitian Revolution. Tami Charles's lyrical text, as accessible as it is sensory, makes for a tale that readers will enjoy to the last drop.

Jump...And Your Life Will Appear**An Inch-by-Inch Guide to Making a Major Change** *Hay House, Inc*

Are you ready to make changes in your life—but feel something is holding you back? Is your soul asking you to take a leap—but you're too afraid to take it? Swimming to Freedom

My Escape from China and the Cultural Revolution *Abrams*

When Kent Wong was a young boy, his father, a patriotic Chinese official in the customs office in Hong Kong, joined an insurrection at work and returned with the family to the newly established People's Republic of China. Hailed as heroes, they settled in the southern city of Canton. But Mao's China was dangerous and unstable, with landlords executed en-masse and millions dying of starvation during the Great Leap Forward.

Understanding Academic Freedom *JHU Press*

Part of the acclaimed Higher Ed Leadership Essentials series, this book surveys academic freedom's history and its application in today's universities. Academic freedom is once again at the epicenter of the crisis in higher education. A community college instructor in Iowa is pressured to resign after his pro-antifa social media comments garner vicious harassment that administrators find threatening to campus safety. A tenured biology professor at a college on Long Island is threatened with dismissal because she allegedly grades students too strictly. And in the wake of the COVID-19 pandemic, a conservative activist calls on his followers to take advantage of online classes to send "any and all videos of blatant indoctrination" to his organization so that it might expose and blacklist "leftist professors." These incidents from the 2019–20 academic year represent only the tip of the iceberg. Academic freedom, long heralded as a core value of American higher education, may now be in as much danger as at any time the 1950s. But what is "academic freedom"? A value upheld for one's supporters (but not one's opponents) when discussing a polarizing controversy? Or a narrow claim of privilege by a professorial elite, immune from public accountability? In this concise and compelling book, Henry Reichman, who chaired the American Association of University Professors' Committee on Academic Freedom and Tenure for nearly a decade, mounts a rigorous defense of

academic freedom and its principal means of protection: the system of academic tenure. Probing academic freedom's role in multiple contexts, Reichman draws on a wealth of historical and contemporary examples to offer the first comprehensive introduction to the concept in all its manifestations. Elucidating its sometimes complicated meanings, Reichman argues that academic freedom—like its cousin, freedom of speech—cannot easily be defined but, instead, emerges from the contextual application of guiding principles developed and modified over time. He also explores why the rise of contingent faculty employment represents the gravest current threat to academic freedom; reveals how academic freedom is complicated by both fiercely polarized campus environments and the emergence of social media that extend speech beyond the lecture halls of the academy; and touches on the rights of students in and out of class, including treatment of student protest movements.

Freedom to Move

Point of View

A Fresh Look at Work, Faith, and Freedom *WaterBrook*

Recognized from her roles on *Survivor*, *The View*, and *Fox & Friends*, best-selling author Elisabeth Hasselbeck presents a deeply intimate journey of faith, told through the important moments in her life. From designing shoes to surviving *Survivor* to not surviving *The View*, Elisabeth Hasselbeck has learned more about standing up for her convictions in the public eye than she ever thought she would when she applied for a reality TV show on a whim almost two decades ago. Through most of those years, Elisabeth strived as if she had to earn the approval of others and of God. But God was gently at work in her to show His point of view--His invitation for her to rest in the calling, rest in His Word, and rest fully in the truth of the gospel. *Point of View* is an intimate walk of faith, as she writes mom to mom, friend to friend, mother to daughter. From the divisive table at *The View* to national political platforms to the breakfast table, Elisabeth bares her heart about her failures, her triumphs, and her path of learning lessons the hard way.

Skint to Mint

Jump from Debt to Freedom

I am a Management and Financial Consultant by profession. I have worked for many of the top consultancies and blue chip companies for nearly two decades and learnt that a job does not always guarantee financial security for me or my family. Being on moderate income, but spending on the niceties of life during the peak years of our lives meant that we were logging day in and day out and looking forward to a rather bleak future. The more we earned, the more we spent thanks to inflation, increased demands of a growing family and other commitments. At the end of the day, we felt we had very little left. There were occasions when we were virtually bankrupt during three different stages of our lives. If this was the stage we were in during our peak years, we were dreading to think of our days as we aged. Amidst all the travel, salaries, bonuses, pensions and high

life, it was obvious that we couldn't rely on pensions alone and we had to have a Plan B - "Be your own Boss to secure Financial Freedom". There must be something more out there that successful people who have achieved Financial Freedom do and are good at doing it in a better way. And, I wanted to know their secret - The secret to Financial Freedom. The best way to find out was just trying the different strategies and techniques that the successful people put in practice. This book will show you everything that they went through, so you too can learn from their trials and tribulations and achieve Financial Freedom and enjoy your life now and in the future.

The Wealth of Networks

How Social Production Transforms Markets and Freedom *Yale University Press*

Describes how patterns of information, knowledge, and cultural production are changing. The author shows that the way information and knowledge are made available can either limit or enlarge the ways people create and express themselves. He describes the range of legal and policy choices that confront.

The Dilemma of Freedom and Foreknowledge *Oxford University Press*

This original analysis examines the three leading traditional solutions to the dilemma of divine foreknowledge and human free will--those arising from Boethius, from Ockham, and from Molina. Though all three solutions are rejected in their best-known forms, three new solutions are proposed, and Zagzebski concludes that divine foreknowledge is compatible with human freedom. The discussion includes the relation between the foreknowledge dilemma and problems about the nature of time and the causal relation; the logic of counterfactual conditionals; and the differences between divine and human knowing states. An appendix introduces a new foreknowledge dilemma that purports to show that omniscient foreknowledge conflicts with deep intuitions about temporal asymmetry, quite apart from considerations of free will. Zagzebski shows that only a narrow range of solutions can handle this new dilemma. A compelling contribution to the field, *The Dilemma of Freedom and Foreknowledge* will appeal to students and scholars of theistic philosophy and the philosophy of religion.

Born to Jump

A Personal Journey of Overcoming Fear and Failures and Allowing Faith to Lead to a Life of Freedom

Born to Jump is an inspirational story shared to compel you to banish the fear of change and embrace the ability to "jump" to a new life with renewed energy and freedom, even while facing failures. It's all the motivation you will ever need to live your life purposefully, and confidently, knowing that even through life's storms, God always provides an umbrella. All you need to do is have the courage to take the first step.

Not only that, you are just strictly on your way to becoming a Top Notch Author (Writer) on earth.

Judgment in Berlin

The True Story of a Plane Hijacking, a Cold War Trial, and the American Judge Who Fought for Justice *Simon and Schuster*

"Suspenseful...moving...equal to any fictional thriller." —San Francisco Chronicle In August 1978, the Iron Curtain still hung heavily across Europe. To escape from oppressive East Berlin, an East German couple, Hans Detlef Alexander Tiede and Ingrid Ruske, hijacked a Polish airliner and diverted it to the American sector of West Berlin. Along with the couple, several passengers spontaneously defected to the West, and were welcomed by US officials. But within hours, Communist officials reminded the West of the anti-hijacking agreements in the Warsaw Pact, and thus the fugitives were arrested by the US State Department. Thirty-four years after World War II, the United States built a court in the middle of West Berlin, the former capital of the Third Reich, in the building that once housed the Luftwaffe, to try the hijacking couple. Former NJ district attorney, now a judge, Herbert J. Stern was appointed the "United States Judge for Berlin." What followed was a trial full of maneuvers and strategies that would put Perry Mason to shame, and answered the question: what is allowed to people seeking freedom? *Judgment in Berlin*, also a major motion picture starring Martin Sheen and Sean Penn, is unsurpassed as a true-life suspense story, with its vivid accounts of daring escapes, close calls, diplomatic intrigue, and dramatic courtroom confrontations. The original edition won the Freedom Foundation Award, and this updated edition includes a new introduction from author and trial judge Herbert J. Stern.

The Future of Academic Freedom *JHU Press*

The issues Reichman considers—which are the subjects of daily conversation on college and university campuses nationwide as well as in the media—will fascinate general readers, students, and scholars alike.

On the Freedom Trail #4 *Grosset & Dunlap*

Jumping Off To Freedom *Arte Publico Press*

Courage and desperation lead fifteen-year-old David and his father to flee Cuba's repressive regime and seek freedom by taking to the sea on a raft headed for Miami.

Making the Jump *JMS Books LLC*

Bob Andolini heads down to Florida for Bike Week, but ends up ditching his biker buddies to see his daughter and ex-wife. Sandra says they need a new horse, one that can work with Megan's disability. But, for the first time in his life, Bob has some freedom. Freedom to ride his Harley on weekends, freedom from a wife and child, freedom from parenting. Then he sees Megan struggling in a local horse show and his feelings veer. Can he make the jump?

The Oxford Handbook of Freedom *Oxford University Press*

We speak of being 'free' to speak our minds, free to go to college, free to move about; we can be cancer-free, debt-free, worry-free, or free from doubt. The concept of freedom (and relatedly the notion of liberty) is ubiquitous but not everyone agrees what the term means, and the philosophical analysis of freedom that has grown over the last two decades has revealed it to be a complex notion whose meaning is dependent on the context. The Oxford Handbook of Freedom will crystallize this work and craft the first wide-ranging analysis of freedom in all its dimensions: legal, cultural, religious, economic, political, and psychological. This volume includes 28 new essays by well regarded philosophers, as well some historians and political theorists, in order to reflect the breadth of the topic. This handbook covers both current scholarship as well as historical trends, with an overall eye to how current ideas on freedom developed. The volume is divided into six sections: conceptual frames (framing the overall debates about freedom), historical frames (freedom in key historical periods, from the ancients onward), institutional frames (freedom and the law), cultural frames (mutual expectations on our 'right' to be free), economic frames (freedom and the market), and lastly psychological frames (free will in philosophy and psychology).

Leap to Freedom *Philadelphia : J.B. Lippincott [1949]*

Autobiography of a Russian schoolteacher whose second attempt to escape to the United States was successful.

Fretboard Freedom *Hal Leonard*

(Guitar Educational). This revolutionary approach to chord-tone soloing features a 52-week, one-lick-per-day method for visualizing and navigating the neck of the guitar. Rock, metal, blues, jazz, country, R&B and funk are covered. Topics include: all 12 major, minor and dominant key centers; 12 popular chord progressions; half-diminished and diminished scales; harmonic minor and whole-tone scales; and much more. The accompanying audio tracks feature demonstrations of all 365 licks! Written by Troy Nelson, author of the #1 bestseller Guitar Aerobics and former editor-in-chief of Guitar One .

Freedom Cries**If the Fruit of Freedom Is Joy, Why Are We Still Crying?** *Author House*

These poems are about times that were difficult to comprehend, to bear and very painful. These poems are of a race only wanting freedom and peace. A people that were proud, but never able to display it. Had eyes that were never able to look up. A voice that could never speak what they wanted to say. A people strong as wind, but gentle and soft as a snowflake at heart. Only wanting to be left alone to be what God made them to be...His children and free.

Jump!**From the Life of Michael Jordan** *Penguin*

What was Michael Jordan like as a boy? You might be surprised that the greatest professional basketball player ever wasn't even the best player in his own family! Michael Jordan was once just an ordinary little boy growing up in a North Carolina suburb, trying to keep up with his older brother Larry. Michael was always good at sports, but it seemed like Larry was always going to be bigger, quicker, and luckier. But Michael never gave up, and his practicing began to pay off. Then one summer day during a backyard game of one-on-one, Larry Jordan's "little" brother took him--and the whole family--by surprise! Based on actual events, this story of a friendly sibling rivalry is enhanced by Floyd Cooper's stunning two-tone art. Jump! even features a gate-fold depicting Michael Jordan's trademark leap that will send young readers soaring.
