Portable and economical, the Sharp CV-P10MX air conditioner is designed to cool and purify the air in one room. The unit is equipped with a water tank to collect the liquid condensation produced during the cooling process -- liquid that must be drained periodically. When the tank is full, the unit won't operate, which prevents overflow and damage; the operator indicator light, the timer light and the "Mega Cool" light will blink continuously to alert you to the need to drain the tank as well.
