101 Questions to Ask Each Other Before Getting Married

A Practical Alternative to Dating by Founder of Gomarry. com

This book consists of 100+ tried and tested hugely significant compatibility questions that everyone needs to ask their future spouse prior to getting married to them. One practical way of doing this is by way of what I call Marriage Meetings. Introducing: Marriage Meetings A marriage meeting is where your potential partner and yourself,

plus two additional people get together in order to learn about each other. The questions in this guide will be how you learn about each other without missing anything important. Just as a pilot has a checklist before takeoff you have a checklist before getting married. You don't have to understand how it works, just have faith that it does and should you prevail and still marry this person opposite you then I can promise you that you will have a very high chance of a successful marriage. What's the purpose of a marriage meeting? Most relationships fail gradually. Over time, you learn new things about your partner, some of which are not to your liking and thus negativity and regret starts to build up, eventually leading to the failure of that relationship. Marriage meetings allow you to get all the skeletons/demons out of the closet before any commitment is made. Where should this meeting take place? The marriage meeting should take place somewhere public. It is absolutely important that you are not hidden away and there should be a safe and comfortable way for one party to leave should they choose to. Pick somewhere quiet like a coffee shop, a park etc, somewhere populated but not too busy as to cause distraction or inconvenience. Who will attend? Both of you should bring one additional person. Let's

call them your "check-mate"; the mate who keeps you in check! This is a responsible person who will have a level head and look out for your best interests. Choose someone who will not hesitate to scrutinise the other person, ask the questions maybe you will shy away from and ensure you are being the real you. This person must be your senior though not necessarily age wise. This could be a colleague, a boss, a family friend, a senior family member or maybe someone of high standing from within your community. The person you bring must be someone you trust and you must listen to them when they bring up concerns. They must absolutely not be a yes

man who will just go along with what you say otherwise they are useless to you. Marriage Meetings are not dates. These meetings are not to be confused with dates. During dates, one tends to woo and aim to please their potential partner in what I refer to the human equivalent of the mating dance. But in marriage meetings, one should set out to ask the questions so as to get a clear picture of their potential partner's stance in comparison to your own. Why Marriage Meetings work and Conclusion I have done this personally and it has turned out quite awesome. To me, this is the practical method of getting married. Some may not agree with my methodology

and to them, I wish good luck. I am not here to say things that people want to hear but to make you happy in the long term. I call it tough love. The reason Marriage Meetings work is because you have no commitment with your potential spouse. In most modern relationship people want to ask these questions but they don't due to fear of rejection or a backlash. If your potential spouse is hesitant to follow this guide and methodology then perhaps they're not sincere about you or marriage. Should you come up with a question of your own that I have not covered, ask it and let me know too so I can add it to this guide. Marriage is a life

commitment and having a sudden crush is not good enough to sustain it; A marriage must go deeper than that. Continue inside the Book: How the marriage guide came into being.....How to ask these questions and the 100+ Questions to Ask Each Other Before Getting Married.

Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when

- coworkers push their work on you—then take credit for it
- you accidentally trash-talk someone in an email then hit "reply all"
- you're being micromanaged—or not being managed at all
- you catch a colleague in a lie
- your boss seems unhappy with your work
- your cubemate's loud speakerphone is making you homicidal
- you got drunk at the holiday party

Writing to Heal

Change Your Life Through Journaling, Reflecting and Creative Life Stories

Independently

Published

Writing to heal - Change your life through journaling, reflecting and creative life stories Author: Dale Darley Writing in a journal is powerful, cathartic and life-changing. This book has been described by one reader as different from any other journaling book that she has bought, because of it's positive perspective. Another

reader told me "Just wanted to let you know that I started reading your book this morning and was instantly hooked. I found a book to write in and have written seven pages on the most traumatic experience in my life, cried buckets but loved getting it down on paper and feel so much better with it being out and there are so many pages to add over the next four days. This bit comes from my soul - your book is, I feel going to save my life, not from death but disillusionment - a life of disillusionment - can you imagine! I've been facing that for a while, and today you gave me the path out of that, the path I've been looking in the long grass for! For the first time in 2 years, I sit here now with a jewel

of excitement in my belly - so long since I felt that."Another said 'I feel as if you really get me and I can finally write and let it all out.' I wrote this book as a result of being in one dark place too many. I had written and journaled for years, using my writing to get my feelings out. As I sat and reflected I found ways to overcome my perceived problems. When I was out walking stories started to come into my head. It was then I realised that creative life writing, where you take your journal entries and turn them into stories was not only fun but incredibly healing. Do you feel stuck? Do you want clarity? Do you want to write and journal in a positive way? Do you want to

have fun with your journaling? Then Writing to Heal is for you... Writing to Heal takes you on a journey that asks you first to pick up your pen and write. To then reflect on what you have written and rewrite it with positive intention so that you change the story. This book guides you from starting to journal, through reflective practice and on into creative life writing. Writing stories is a fantastic way for anyone who is interested in making changes to their lives, to be in control of what happens next and to let the healing begin. When you start to use stories to change the way you think, your perspective changes. My dream is that this book inspires you to write and to consider

writing your life story or memoir. It's easy to read, pick up and flick through, one of those bedside books to dip into when you are pondering what to write.
