Tort Law in China - China's New Tort Law - HG.org

Tort law concerns civil wrongs, damaging people's rights to health and safety, property, or a clean environment. Most accidents have become strictly regulated, and may require insurance, for workplaces, road accidents, products, or environmental harm such as the Deepwater Horizon oil spill. English tort law concerns the compensation for harm to people's rights to health and safety, a clean environment, property, their economic interests, or their reputations.

TORT | meaning in the Cambridge English Dictionary

Tort law is the part of law for most harms that are not either criminal or based on a contract. Tort law helps people to make claims for compensation when someone hurts them or hurts their property. For example, a car accident where one driver hurts another driver because he or she was not paying attention might be a tort. If a person is hurt by someone else, he or she can sue in court. Many torts are accidents, like car accidents or slippery floors that make people fall down and get hurt. These

Tort - Simple English Wikipedia, the free encyclopedia

The first book (and probably the only

book to date) on China's tort law that was written in English for international audiences Explains the theories, legislative processes and applications of China's modern tort law from three different standpoints (academic, statute and case law perspectives), providing a comprehensive view of the law's past,

present and future
