Ethics in Health And Human Services - Best Custom Writings

Ethics in Health Services Management will educate and inform those who would be leaders in health services organizations. Readers will come to understand their roles as moral agents, expected to balance the demands of the organization with the autonomy, primacy, and protection of patients.

Ethics in Health Services Management: Amazon.co.uk: Kurt ...

Health care ethics is the field of applied ethics that is concerned with the vast array of moral

decision-making situations that arise in the practice of medicine in addition to the procedures and the policies that are designed to guide such practice. Of all of the aspects of the human body, and of a human life, which are essential to one's well-being, none is more important than one's health.
