Health Promoting Schools Initiative In

WHO's Global School Health Initiative, launched in 1995, seeks to mobilise and strengthen health promotion and education activities at the local, national, regional and global levels. The Initiative is designed to improve the health of students, school personnel, families and other members of the community through schools.

WHO | Global school health initiative

The Initiative is designed to improve the health of students, school personnel, families and other members of the community through schools. The goal of WHO's Global School Health Initiative is to increase the number of schools that can truly be called "Health-Promoting Schools". Although definitions will vary, depending on need and circumstance, a Health-Promoting School can be characterised as a school constantly strengthening its capacity as a healthy setting for living, learning and working.

WHO | What is a Health Promoting School?

Health Promoting Schools have been recognized as a strategic vehicle to promote positive development and healthy behaviours such as physical activity, physical fitness, recreation and play, balanced nutrition, prevent tobacco use, and preventing being bullied.

WHO | Making every school a health promoting school

Strives to improve the health of school personnel, families and community members as well as pupils; and works with community leaders to help them understand how the community contributes to, or undermines, health and education. Health promoting schools focus on: Caring for oneself and others; Making healthy decisions and taking control over life's circumstances; Creating conditions that are conducive to health (through policies, services, physical / social conditions)

WHO | What is a health promoting school?

Recognising this, a new holistic approach to school health promotion was developed in the late 1980s, which sought to promote health through the whole school environment and not just through 'health education' in the curriculum. This new 'Health Promoting Schools' (HPS) framework required action in three areas: 1. Formal health curriculum
