Create Your Own Religion *Red Wheel Weiser*

"One of the most refreshing, humorous,

and radically honest books about practical and comparative religion this reviewer has ever come across.”—Library Journal (starred review) Create Your Own Religion is a call to arms—an open invitation to question all the values, beliefs, and worldviews that humanity has so far held as sacred in order to find the answers we need to the very practical problems facing us. Writer, philosopher, and professor of comparative religion, Daniele Bolelli, leads the reader through three thousand years of mythology, misogyny, misinformation, and the flat-out lies about “revealed truth” that continue to muddle our ability to live a peaceful life, free of guilt and shame and the ultimate fear of death. “Our worldviews are in desperate need of some housecleaning,” says Bolelli. “We enter the 21st century still carrying on our backs the prejudices and ways of thinking of countless past generations. What worked for them may or may not still be of use, so it is our job to make sure to save the tools that can help us and let go of the dead weight.” “With a cheerful, good-natured smile, Daniele Bolelli torpedoed the often luxurious but spiritually leaky battleships that sail under the various flags of the world’s organized religions.”—Tom Robbins, New York Times bestselling

author “Daniele Bolelli is in the house. Minds will be blown. Lives will be changed.”—Joe Rogan, comedian and podcast host “Bolelli’s direct confrontation with dogma without giving an inch and without prescribing a new dogma is about as fresh as it gets.”—Mike Vallely, skateboarder, musician, and actor

Creating Your Own Way to Happiness
Robert Bruce

How can this book help me? It will help you to believe in yourself and instill confidence to make the right choices in a relationship or marriage. It will motivate you to change your life if necessary. It will make you become happier and more content with life. First and foremost you must believe in yourself. You must be able to say: "I can do anything I want to in life and believe it." I want to learn about myself and another person so I can make the right decision for my future. I am divorced or widowed and want to start my life over. I am living single and need some suggestions to improve my life and cope with the loneliness. I am in a marriage and want ideas to make it better.

I am under stress and need some ideas to control it. I want to learn how to improve my communication skills. I want to improve my image and networking skills. I want some ideas on coping with the death of a loved one. All of a sudden I am single - now what do I do? I need help caring for a loved one. I need to learn how to grieve and move my life forward. Creating Your Own Way To Happiness

Create Your Own Fate *AuthorHouse*

Nothing is "Beyond Belief" Imagination is the key to creating a new reality! Whatever you can imagine, you can implement. Whatever you believe to be actually creates the world you see. Life doesn't just happen to

you. It responds to you and the thoughts that you are creating on a continuing basis. Although thoughts are not tangible, they are programmable and powerful. Thoughts can transform the abstract into the absolute. This book is about creative visualization or wishcraft which is a way of thinking that can change your life. The principles proposed in this book can propel you from poverty to prosperity and jumpstart your JOY as you learn how to transform your thoughts into reality. The process starts with a dream, a desire, or even just a wish. Wishes come in all sizes. One can wish small or one can wish big or tall. One can even choose not to wish at all, but wishing is really the key to creating a new reality. Everything that you can conceive of already exists or you couldn't even conceive of it. Creative visualization simply makes the invisible visible! Your beliefs are the key to making the invisible materialize. Predicting the future actually becomes possible once you realize that you can create your own future by propelling your dreams into reality. The world can be yours to have and to hold once you take control of your own destiny. That doesn't mean that you can control the events that will happen in your life, but you can control how you envision those events. Those visualizations can either empower you to excel or cripple

you in crisis. If you want your life to change, try doing something strange. If you want your life to be different, do different, think different. Sometimes all that you need to change is your mind and your beliefs! Stop setting limits on your life! Become part of the cycle of life which is to Dream, desire, create and inspire.....

Create Your Own Website The Easy Way *Ilex Press*

Every small business or organisation needs a website, whether it is a simple online portfolio or a complex online shop. Expert web design teacher Alannah Moore makes this subject accessible for everyone, even those with no technical or

design experience. Avoiding technical language, Alannah provides a summary of the web platforms available, covering, among others, WordPress, Squarespace, Weebly and Shopify. From these the reader can choose the right platform for them, and very quickly get up and running. Drawing on her vast experience of what a novice website builder really needs to know, Alannah covers all the topics they will come across in their online experience: how to choose a good domain name; what content you need for your site; how to work with images and even create your own logo. The reader will also learn how to integrate social media and a blog, so they are set up

and in control of their virtual presence from every aspect. This is the perfect book for anyone who doesn't want to pay for an expensive web designer. In Alannah's safe and capable hands, they will find the process of building their site easy and enjoyable, and they'll soon have a successful online presence.

**Create Your Own
Rewarding
Retirement** *Outskirts
Press*

Congratulations on your retirement. What type of retirement did you select? Retirement with no work? Phased-in retirement with phased-out work? Retirement with part-time work? Or did you select no retirement with continued work? Regardless of which type of retirement you selected, it is the right retirement for you. You are now entering a new

phase in your life journey that will last 20 years on average. In many instances it will last a lot longer with many of you living a retirement that equals, or even exceeds, that of your work life. Regardless of the type of retirement you have chosen or how long it lasts, it will be more rewarding if you take charge and create short- and long-term retirement goals as a guide for your daily life. The time will fly by just like it did when you were working. In order to help you with the next phase of your life journey, *Create Your Own Rewarding Retirement* has been designed as a companion text to *Discover the Right Retirement for You* in which you discovered the type of retirement

that was best for you. This book goes beyond that to help you create and complete your goals after you retire. The reader has several choices as to how to use this book. You can use it as a workbook by completing all of the chapter worksheets and creating your retirement goals; or you can use it as a history book to chronicle your journey as you create and complete each goal; or you can use it as a storybook about the retirement expectations and experiences of people just like you. Each of choices will be of value to you. Ideally this book is intended to be used in all three ways and it is recommended that you do so to achieve the maximum value from it.

Remember that you, and you alone, have the ability to make an ordinary retirement into an extraordinary one.

Creating Your Own Japanese Garden *Japan Publications Trading*

The strong horizontals of bamboo reflected in a dark circle of water; the rhythmic clap of the deer scarer; the contemplative beauty of waves created in

sand: combinations of nature and art that soothe and uplift the spirit. Your vision of a Japanese garden need not be confined to Japan. Here is a fully comprehensive guide which will enable you to capture in your home or office environment the elusive spirit of the Japanese garden-no matter where you live. The author, a Japanese landscape architect who has been living and designing Japanese gardens in the West for many years, will show you step by-step how to accomplish this ideal utilizing your own special environment and using materials which are readily available in the West. Since moving to the UK in 1974, the author has designed and created

many Japanese gardens, from small private gardens to large public spaces of over two acres. It is from this direct experience that he draws the material for this book. The step-by-step instructions are easy-to-follow, and also included are many drawings and photographs to illustrate the points that are made. Many books on Japanese gardens can be found in bookstores and libraries, but most do not take into account the different environments found outside Japan nor the diverse materials available worldwide. They tend either to be translations of books written by Japanese landscape architects and gardeners living and working in Japan, or books written by those who visit Japan to research the gardens, with the intention of introducing them to the rest of the world... These books are ideal for learning about the history and appearance of Japanese gardens, but lack the practical advice necessary for constructing your own garden.. I believe that as the interest in and understanding of Japanese culture continues to spread, so will the popularity of and desire for Japanese gardens. I hope that this book will give pleasure to all those of you who, like me, are captivated by the gardens of Japan, and that it will help you to create a garden of your own that you can enjoy day after day.
