Continuous and Future Continuous), that it hardly matters how often students will need to understand or use it.

While there are problems when learning English for all learners no matter their first language, it can be useful to get to know what problems are specific to a particular first language. Now, for example, if you are teaching a French student one-to-one or a class of French learners you will have a better understanding of the problems they may have and so you will be able to anticipate the errors.
