Music In Childhood From Preschool

According to researchers, the early years of childhood are critical to learn to unscramble the tones of music and to build up a mental organisation system to memorise the music. This means that, like language development, toddlers develop their musical skills through imitating and memorising rhythms and tones of songs such as clapping to a beat and singing in tune.

The Importance of Music in Early Childhood Development

Music ignites all areas of child development and skills for school readiness, including intellectual, social-emotional, motor, language, and overall literacy. It helps the body and the mind work together. Exposing children to music during early development helps them learn the sounds and meanings of words.
