Advertising Menswear Masculinity And Fashion

Based on a detailed study of rich archival material, this pioneering study examines the production, circulation and

consumption of print, television and cinema publicity for men's clothing in Britain during the second half of the twentieth century. The study explores design issues and period style in advertising, the role of market research and consumer psychology in determining target audiences, the idea of the 'new man' in representing fashionable masculinities, and the various ways that ...

For Dean Cook, head of menswear buying at Browns, the challenges with masculinity are much more endemic than how brands market their products. Speaking to BoF, he observed that masculinity touches aspects of everyday life and therefore this holistic approach is how he approached the buy for the London-based luxury retailer, which is taking on labels from Vaquera and

Pyer Moss to Rapha and Pas Normal Studios this season.
