Challenges for California Living Within California's Entitlement. The other states have expressed concern that California will become too accustomed to its current allocation, making it potentially unwilling to release to these states their entitled amounts as their needs develop. In response to this concern, the Secretary has directed California to develop a plan, to be submitted by summer 1998, which identifies measures it plans to take to live within its 4.4 maf entitlement.

Colorado River Water: Challenges for California

California is strong and will meet this challenge. Top Guiding Principles: •Be Responsible: Look beyond just the budget year, and pass a budget package that is balanced in 2020-21 and also projected to be balanced in 2021-22. •Don't Become Part of the Problem: Aim to avoid major ongoing program cuts and middle-class tax increases

California is strong and will meet this challenge.

The challenge of increasing the number of college graduates in California is heightened by demographic shifts toward populations that have historically been underrepresented in higher education. Meeting this challenge

requires sustained coordination across educational sectors—from K-12 schools to public and private universities.
