By integrating with CORE, we have significantly increased the number of research papers in the Naver Academic indexes. In fact, CORE is Naver's largest provider of full text content. CORE's data are now synchronised with Naver using CORE FastSync, reducing the amount of effort that would be needed to collect these data in traditional ways.

CORE - Aggregating the world's open access research papers

To take account of differing abilities, there is a choice between Core and Extended papers in some IGCSE subjects. This allows teachers to decide on the most appropriate level of papers for their students. The Core curriculum in each subject is within the ability range of a large majority of students. It provides a full overview of the subject and is targeted at students expected to achieve grades C to G.
