Last Ideas

In general, we believe that How Nonviolence Protects The State deserves a read, despite some small flaws. The one-of-a-kind storytelling style, relatable characters, and plot twists make it a rewarding addition to your bookshelf. So, if you're trying to find an exciting read, How Nonviolence Protects The State is definitely worth thinking about.

How Nonviolence Protects the State

A short, powerful book that will fly off the shelves and through the windows.

How Nonviolence Protects the State *Detritus Books*

Since the civil rights era, the doctrine of nonviolence has enjoyed near-universal acceptance by the US Left. Today protest is often shaped by cooperation with state authorities--even organizers of rallies against police brutality apply for police permits, and anti-imperialists usually stop short of supporting self-defense and armed resistance. How Nonviolence Protects the State challenges the belief that nonviolence is the only way to fight for a better world. In a call bound to stir controversy and lively debate, Peter Gelderloos invites activists to consider diverse tactics, passionately arguing that exclusive nonviolence often acts to reinforce the same structures of oppression that activists seek to overthrow.

HOW NONVIOLENCE PROTECTS THE STATE.

The Failure of Nonviolence *Left Bank Books*

In the years since the end of the Cold War many new social movements have started peacefully, only to adopt a diversity of tactics as they grew in strength and collective experiences. The last ten years have revealed more clearly than ever the role of nonviolence. Propped up by the media, funded by the government, and managed by NGOs, nonviolent campaigns around the world have helped oppressive regimes change their masks, and have helped police to limit the growth of rebellious social movements. Repeatedly losing the debate within the movements themselves, proponents of nonviolence have increasingly turned to the mainstream media and to government and institutional funding to drown out critical voices. The Failure of Nonviolence examines most of the major social upheavals following the Cold War to reveal the limits of nonviolence and uncover what a diverse, unruly, non-pacified movement can accomplish. Critical of how a diversity of tactics has functioned so far, this book discusses how movements for social change can win ground and open the spaces necessary to plant the seeds of a new world.

In Defense of Looting *Bold Type Books*

A fresh argument for rioting and looting as our most powerful tools for dismantling white supremacy Looting--a crowd of people publicly, openly, and directly seizing goods--is one of the more extreme actions that can take place in the midst of social unrest. Even self-identified radicals distance themselves from looters, fearing that violent tactics reflect badly on the broader movement. But Vicky Osterweil argues that stealing goods and destroying property are direct, pragmatic strategies of wealth redistribution and improving life for the working class--not to mention the brazen messages these methods send to the police and the state. All our beliefs about the innate righteousness of property and ownership, Osterweil explains, are built on the history of anti-Black, anti-Indigenous oppression. From slave revolts to labor strikes to the modern-day movements for climate change, Black lives, and police abolition, Osterweil makes a convincing case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized. In Defense of Looting is a history of violent protest sparking social change, a compelling reframing of revolutionary activism, and a practical vision for a dramatically restructured society.

Oppose and Propose *AK Press*

Where do the tactics, strategies, and lifestyles of today's activists come from? Many ways of doing radical politics pioneered by Movement for a New Society in the 1970s and 1980s have become central to anti-authoritarian social movements: consensus decision making, spokescouncils, communal living, unlearning oppressive behavior, and co-operatively owned businesses. Andrew

Cornell's important contribution to US political history uses this story to raise crucial questions for activists today. Oppose and Propose is an engaging and accessible study, every page offers new insights. Andrew Cornell's work appears in Letters from Young Activists and The University Against Itself. He helps produce the quarterly anti-capitalist magazine Left Turn.

Worshipping Power

Where did the state come from? Where is it going? This study in politogenesis shakes up the status quo. "Worshipping Power" cuts through inadequate theories of early state formation to offer a new analysis of the roles that kinship, religious practice, and commerce have played in stifling self-organization. Gelderloos's partisan approach to human social complexity is highly innovative, yet comprehensible to the layperson. A formidable assault on a social institution whose contemporary ubiquity renders it almost invisible. Peter Gelderloos is an anarchist writer originally from Virginia. He is author of "How Nonviolence Protects the State," "Consensus," and "Anarchy Works." "

The Gandhian Moment *Harvard University Press*

The father of Indian independence, Gandhi was also a political theorist who challenged mainstream ideas. Sovereignty, he said, depends on the consent of citizens willing to challenge the state nonviolently when it acts immorally. The culmination of the inner struggle to recognize one's duty to act is the ultimate "Gandhian moment."

The Anarchist Expropriators *AK Press*

Osvaldo Bayer's study of working-class retribution, set between 1919 and 1936, chronicles hair-raising robberies, bombings, and tit-for-tat murders conducted by Argentina's working men. Intense repression of labor organizations, newspapers, and meeting places by authorities set off a wave of illegal acts meant to secure funds and settle scores. Escaping similar repression at home, future Spanish Civil War hero Buenaventura Durruti joins the cast on a spree of robberies, ending in a narrow escape back to Europe. Osvaldo Bayer is an anarchist pacifist, author, and screenwriter living in Buenos Aires, Argentina. He is the author of Rebellion in Patagonia (forthcoming from AK Press).

The Solutions Are Already Here *Pluto Press (UK)*

As the climate crisis worsens, we must look to revolutionary strategy for justice

Decolonizing Anarchism *AK Press*

Decolonizing Anarchism examines the history of South Asian struggles against colonialism and neocolonialism, highlighting lesser-known dissidents as well as iconic figures. What emerges is an alternate narrative of decolonization, in which liberation is not defined by the achievement of a nation-state. Author Maia Ramnath suggests that the anarchist vision of an alternate society closely echoes the concept of total decolonization on the political, economic, social, cultural, and psychological planes. Decolonizing Anarchism facilitates more than a reinterpretation of the history of anticolonialism; it also supplies insight into the meaning of anarchism itself. Praise for Decolonizing Anarchism: "Maia Ramnath offers a refreshingly different perspective on anticolonial movements in India, not only by focusing on little-remembered anarchist exiles such as Har Dayal, Mukerji and Acharya but more important, highlighting the persistent trend that sought to strengthen autonomous local communities against the modern nation-state. A superbly original book."—Partha Chatterjee, author of Lineages of Political Society: Studies in Post-colonial Democracy "[Ramnath] audaciously reframes the dominant narrative of Indian radicalism by detailing its explosive and ongoing symbiosis with decolonial anarchism."—Dylan Rodríguez, author of Suspended Apocalypse: White Supremacy, Genocide, and the Filipino Condition

Defiance

Black Bloc, White Riot *AK Press*

Are you taking over, or are you taking orders? Are you going backwards, or are you going forwards? White riot—I wanna riot. White riot—a riot of my own. —The Clash, "White Riot" Ten years after the battle in Seattle sparked an historic struggle against the forces of multinational conglomeration and American imperialism, the anti-globalization generation is ready to reflect on a decade of organizing that changed the face of mass action around the globe. Scholar and activist AK Thompson revisits the struggles against globalization in Canada and the United States at the turn of the century, and he explores the connection between political violence and the white middle class. Equal parts sociological study and activist handbook, Black Bloc, White Riot engages with the key debates that arose in the anti-globalization movement over the course of the past decade: direct or mass action? Summit-hopping or local organizing? Pacifism or diversity of tactics? Drawing on movement literature, contemporary and critical theory, and practical investigations, Thompson outlines the effect of the anti-globalization movement on the white, middle-class kids who were swept up in it, and he considers how and why violence must once again become a central category of activist politics. AK Thompson is a writer and activist living and working in Toronto, Canada. Currently completing his PhD in sociology at York University, Thompson teaches social theory and serves on the editorial committee of Upping the Anti: A Journal of Theory and Action. His publications include Sociology for Changing the World: Social Movements/Social Research (Fernwood Publishing, 2006).

Anarchy Works

This book takes examples from around the world, picking through history and anthropology, showing that people have, in different ways and at different times, demonstrated mutual aid, self-organization, autonomy, horizontal decision making, and so forth--the principles that anarchy is founded on--regardless of whether they called themselves anarchists or not. Too well documented to be strictly mythology, and too expansive to be strictly anthropology, this is an inspiring answer to the people who say that anarchists are utopian: a point-by-point introduction to how anarchy can and has actually worked.

The Bolshevik Myth (diary 1920-1922) *London, Hutchinson*

Consensus

This quick-and-easy facilitator's guide to consensus decision making supposes no prior experience on the part of the reader and breaks the consensus process down logically in an easy-to-follow, step-by-step manner. A highly structured format allows the guide to serve not only as a how-to for the uninitiated, but also as a reference manual for those already familiar with the consensus process. While intended primarily for grassroots political and environmental groups, this handbook can be used in academia, in the corporate world, and by anyone who wants to cooperate with consensus.

Buddha Taught Nonviolence, Not Pacifism *Pariyatti Publishing*

In the aftermath of the terrorist attacks of September 11, this thought-provoking essay explores the Buddha's teaching to find one prescription: not war, not pacifism but nonviolence.

Gandhi and Beyond *Routledge*

Is there room for nonviolence in a time of conflict and mass violence exacerbated by economic crisis? Drawing on the legend and lessons of Gandhi, Cortright traces the history of nonviolent social activism through the twentieth century to the civil rights movement, the Vietnam era, and up to the wars in Iraq, Afghanistan, and Gaza. Gandhi and Beyond offers a critical evaluation and refinement of Gandhi's message, laying the foundation for a renewed and deepened dedication to nonviolence as the universal path to social progress. In the second edition of this popular book, a new prologue and concluding chapter situate the message of nonviolence in recent events and document the effectiveness of nonviolent methods of political change. Cortright's poignant "Letter to a Palestinian Student" points toward a radical new strategy for achieving justice and peace in the Middle East. This book offers pathways of hope not only for a new American presidential administration but for the world.

Earth First! Direct Action Manual

300+ pages of diagrams, descriptions of techniques and a comprehensive overview of the role direct action plays in resistance--from planning an action, doing a soft blockade, putting up a treesit or executing a lockdown; to legal and prisoner support, direct action trainings, fun political pranks, and more. The DAM has been compiled and updated by frontline activists from around the US to help spread the knowledge and get these skills farther out in the world.

Welcome to the Machine *Chelsea Green Publishing*

Jensen and Draffan look at the way machine readable devices that track our identities and purchases have infiltrated our lives and have come to define our culture.

Direct Action *AK Press*

A radical anthropologist studies the global justice movement.

World Report 2022 *Seven Stories Press*

The best country-by-country assessment of human rights. The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch's signature yearly report. Reflecting extensive investigative work undertaken by Human Rights Watch staff, in close partnership with domestic human rights activists, the annual World Report is an invaluable resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.

How to Blow Up a Pipeline *Verso Books*

Property will cost us the earth The science on climate change has been clear for a very long time now. Yet despite decades of appeals, mass street protests, petition campaigns, and peaceful demonstrations, we are still facing a booming fossil fuel industry, rising seas, rising emission levels, and a rising temperature. With the stakes so high, why haven't we moved beyond peaceful protest? In this lyrical manifesto, noted climate scholar (and saboteur of SUV tires and coal mines) Andreas Malm makes an impassioned call for the climate movement to escalate its tactics in the face of ecological collapse. We need, he argues, to force fossil fuel extraction to stop--with our actions, with our bodies, and by defusing and destroying its tools. We need, in short, to start blowing up some oil pipelines. Offering a counter-history of how mass popular change has occurred, from the democratic revolutions overthrowing dictators to the movement against apartheid and for women's suffrage, Malm argues that the strategic acceptance of property destruction and violence has been the only route for revolutionary change. In a braided narrative that moves from the forests of Germany and the streets of London to the deserts of Iraq, Malm offers us an incisive discussion of the politics and ethics of pacifism and violence, democracy and social change, strategy and tactics, and a movement compelled by both the heart and the mind. Here is how we fight in a world on fire.

We Want Freedom *South End Press*

A founder of the Philadelphia branch of the Black Panther Party combines his personal experiences and extensive research to examine the revolutionary fervor and hope, as well as the oppression, of the Black Panther Party. Simultaneous. 10,000 first printing.

Secolo Nuovo

A story of witches, anarchists, gnostics, indigenous outlaws, bandits, heretics, sunflowers, sailors, lavender, salmon, longshoremen, bank robbers, dynamiters, country farmers, alchemists, crimps, pimps, brothels, oceans, alembics, maroon colonies, mad scientists, artists, boats, deprived capitalists, grapes, cooks, vigilantes, teamsters, horses, libraries, traitors to the nation, hobos, miners, dancing, guerrilla leaders, mountains, religious movements, crumbling empires, nihilists, wagons, armed uprisings, wine, revolutionaries, peasants, military defectors, books, and the wireless transmission of electric energy.

The Accumulation of Freedom *AK Press*

The only crisis of capitalism is capitalism itself. Let's toss credit default swaps, bailouts, environmental externalities and, while we're at it, private ownership of production in the dustbin of history. The Accumulation of Freedom brings together economists, historians, theorists, and activists for a first-of-its-kind study of anarchist economics. The editors aren't trying to subvert the notion of economics—they accept the standard definition, but reject the notion that capitalism or central planning are acceptable ways to organize economic life. Contributors include Robin Hahnel, Iain McKay, Marie Trigona, Chris Spannos, Ernesto Aguilar, Uri Gordon, and more.

Realizing the Impossible *AK Press*

Looks at the history of the depiction of anti-authoritarian social movements in art.

Beyond Bullets *A K PressDistribution*

Boykoff lifts the lid on the tactics used by the USA to suppress dissent, destroy opposition and sabotage the theoretically free expression of its citizens. Meticulously researched and very much in the style of Ward Churchill's famous expose of the dirty tricks used in the past (Cointelpro Papers), the author writes on direct violence; public prosecution and hearings; surveillance and break-ins; black propaganda' and mass media manipulation. Includes copious examples and interviews from the Black Panthers to Earth First.'

Between the World and Me *One World*

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer

who changed the national political conversation about race” (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation’s history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Beautiful Trouble *OR Books*

Banksy, the Yes Men, Gandhi, Starhawk: the accumulated wisdom of decades of creative protest is now in the hands of the next generation of change-makers, thanks to Beautiful Trouble. Sophisticated enough for veteran activists, accessible enough for newbies, this compact pocket edition of the bestselling Beautiful Trouble is a book that’s both handy and inexpensive. Showcasing the synergies between artistic imagination and shrewd political strategy, this generously illustrated volume can easily be slipped into your pocket as you head out to the streets. This is for everyone who longs for a more beautiful, more just, more livable world – and wants to know how to get there. Includes a new introduction by the editors. Contributors include: Celia Alario • Andy Bichbaum • Nadine Bloch • L. M. Bogad • Mike Bonnano • Andrew Boyd • Kevin Buckland • Doyle Canning • Samantha Corbin • Stephen Duncombe • Simon Enoch • Janice Fine • Lisa Fithian • Arun Gupta • Sarah Jaffe • John Jordan • Stephen Lerner • Zack Malitz • Nancy L. Mancias • Dave Oswald Mitchell • Tracey Mitchell • Mark Read • Patrick Reinsborough • Joshua Kahn Russell • Nathan Schneider • John Sellers • Matthew Skomarovsky • Jonathan Matthew Smucker • Starhawk • Eric Stoner • Harsha Walia

The Alternatives to War *Oxford University Press*

This book examines the ethics of the alternatives to war. It assesses the moral case for each of the alternative in their own right, and provides an overall assessment of the alternatives to war.

Bodies of Violence *Oxford Studies in Gender and I*

International Relations, in both theory and practice, has been increasingly concerned with a proliferation of modes of violence that use, target, and construct bodies in complex ways that challenge notions of security. The central argument of this work is that the bodies that practices of violence take as their object are deeply unnatural bodies, constituted in reference to historical political conditions as well as acting upon our world.

How Democracies Die *Crown*

NEW YORK TIMES BESTSELLER • “Comprehensive, enlightening, and terrifyingly timely.”—The New York Times Book Review (Editors' Choice) WINNER OF THE GOLDSMITH BOOK PRIZE • SHORTLISTED FOR THE LIONEL GELBER PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Time • Foreign Affairs • WBUR • Paste Donald Trump’s presidency has raised a question that many of us never thought we’d be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from

1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for *How Democracies Die* “What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that.”—The Washington Post “Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy and politics.”—Ezra Klein, Vox “If you only read one book for the rest of the year, read *How Democracies Die*. . . .This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest.”—Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) “A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal.”—Fareed Zakaria, CNN

How Change Happens *Oxford University Press*

"DLP, Developmental Leadership Program; Australian Aid; Oxfam."

The Failure of Nonviolence *Detritus Books*

In the years since the end of the Cold War many new social movements have started peacefully, only to adopt a diversity of tactics as they grew in strength and collective experiences. The last ten years have revealed more clearly than ever the role of nonviolence. Propped up by the media, funded by the government, and managed by NGOs, nonviolent campaigns around the world have helped oppressive regimes change their masks, and have helped police to limit the growth of rebellious social movements. Repeatedly losing the debate within the movements themselves, proponents of nonviolence have increasingly turned to the mainstream media and to government and institutional funding to drown out critical voices. The Failure of Nonviolence examines most of the major social upheavals following the Cold War to reveal the limits of nonviolence and uncover what a diverse, unruly, non-pacified movement can accomplish. Critical of how a diversity of tactics has functioned so far, this book discusses how movements for social change can win ground and open the spaces necessary to plant the seeds of a new world.

Expect Resistance *CrimethInc. Collective*

A novel. A field manual. A novel field manual.

Pacifism As Pathology

Originally written during the mid-1980s, the seminal essay Pacifism as Pathology was prompted by veteran activist Ward Churchill's frustration with what he diagnosed as a growing--and deliberately self-neutralizing--"hegemony of nonviolence" on the North American left. The essay's publication unleashed a raging debate among activists in both the U.S. and Canada, a significant result of which was Michael Ryan's penning of a follow-up essay reinforcing Churchill's premise that nonviolence, at least as the term is popularly employed by white "progressives," is inherently counterrevolutionary. This book challenges the pacifist movement's heralded victories, suggesting that their success was in spite of, rather than because of, their nonviolent tactics. Along with a preface by Ed Mead, postscripts by both Churchill and Ryan, and a new foreword by leading oppositionist intellectual Dylan Rodríguez, these essays are being released in a fresh edition.

Pacifism as Pathology *A K PressDistribution*

A reprint of Churchill's classic writing on pacifism, with a new introduction from Derrick Jensen, this extraordinarily important book cuts to the heart of the fundamental question of whether violence is ever an acceptable tool to help bring about social change. He demystifies and deconstructs dogmatic pacifism - arguing not for blind, unthinking violence, but against blind, unthinking nonviolence. Of interest to people on both sides of the argument, this work is great, clarifying writing on a key concept.

Anarchists Against the Wall *A K PressDistribution*

Israeli anarchists grapple with active solidarity within a highly militarized, ideological state.

Religion and Human Rights *OUP USA*

This volume examines the relationship between religion and human rights in seven major religious traditions, as well as key legal concepts, contemporary issues, and relationships among religion, state, and society in the areas of human rights and religious freedom.
