In other words health-care policy is related to political-theoretical argumentation (why should a polity spend-what-resources, for-whose-health care); party politics (what do parties advocate about health-care provision vis-à-vis their general manifestoes, how and e.g. (i) regarding party politics (a) through what process were these intra-party decisions made (?)

Health-Care Provision, Politics and Political Science: A ...

While public and patient satisfaction with health services remains high, the public are increasingly pessimistic about the future of the NHS. An overwhelming majority of the public think the health service has a funding problem and increasing numbers of people would be prepared to pay more in tax or National Insurance to boost NHS funding.

The politics of health: what do the public think about the ...

Comparative studies of health politics and policy can also be classified by whether or not they address substantive outcomes. Healthcare arrangements can be read as the programmatic results of policy decision-making. How health reforms are implemented is a crucial component to the analysis.

Conceptual frameworks for comparing healthcare politics ...

Policies and procedures are particularly crucial in healthcare as it is an industry that is very familiar with crisis; healthcare organisations endure a high rate of liability risks. When appropriate policies and procedures are in place, an incident is easier to navigate (Kenyon 2018).

Policies and Procedures in Healthcare | Ausmed

Politics and policy are at the heart of health care and improvements to population health, and also directly impact the working environments and conditions of nurses.

The contribution of nurses to health policy and advocacy

...

Government, and therefore politics, is the avenue for the expression or the negation of that sense of solidarity. Physicians who want politics out of health care are going to be disappointed. If they value the principles to which they pledged as healers, then they ignore politics at their peril and their patients'.

Politics and Health Care | Professionalism | JAMA | JAMA ...

Health policy refers to decisions, plans, and actions that are undertaken to achieve specific health care goals within a society. An explicit health policy can achieve several things: it defines a vision for the future which in turn helps to establish targets and points of reference for the short and medium term. It outlines priorities and the expected roles of different groups; and it builds ...

WHO | Health policy

The latest on health care in the US. The US is close to having 'exponential spread' in some areas, and the hardest part may still be ahead, former FDA official says

Health care on CNN Politics - CNN

Healthcare policy affects not only the cost citizens must pay for care, but also their access to care and the quality of care received, which can influence their overall health. A top concern for policymakers is the rising cost of healthcare, which has placed an increasing strain on the disposable income of consumers as well as on state budgets.

History of healthcare policy in the United States ...

The key political debates in public health revolve around the primacy of economic over social policies (often referred to as neoliberalism), charity versus entitlements, and concepts of liberty. By its very nature the politics of health is ideological: it takes positions on the role and responsibilities of the state,

markets, and individuals.
